Ukwesaba kuhlala kumuntu, futhi ukukuqeda kungenzeka ngokucabanga ngoNkulunkulu nokuzwa ubukhona Bakhe

Thembela kuNkulunkulu futhi ube qotho kukho konke okwenzayo. Kunabalingisi abaningi; ungafaki igama lakho ohlwini lwabo olude. Yazi lokho

okwenzayo futhi ukwenze ngendlela ehlukile okungekho muntu owake wakwenza ngaphambili. Insimu ivulekile yokudala inqobo nje uma isifiso siqotho futhi intando ikhona. Yonke imvelo iyaphendula kuwe uma uvumelana noNkulunkulu.

Abantu bavame ukuzibeka kuqala, kodwa kufanele sicabange ngabanye futhi sibasize ngokusemandleni ethu, sibafisela okuhle njengoba nathi sizifisela. Uma senza lokhu ngokuzithandela nangenhliziyo yonke, sizwa umbuthano wethu wozwela ukhula futhi izibopho zothando phakathi kwethu nabanye ziyajula futhi ziqina.

Endaweni enabantu abayi-1,000, uma wonke umuntu eziphatha kahle, umuntu ngamunye ubezoba nabangani abangu-999. Kodwa uma wonke umuntu kuleyo ndawo eziphatha njengesitha kwabanye, umuntu ngamunye ubezoba nezitha ezingu-999.

Ukunqoba izinhliziyi zabantu ngamandla othando kuwukunqoba okukhulu kakhulu umuntu angakufeza empilweni. Hlala uzama ukucabanga ngokuhle kwabanye, futhi uzothola umhlaba wonke usezinyaweni zakho. Lokhu kwakuwukuphumelela okuhle kakhulu kwabantu abakhulu abaphilela abanye futhi bafela bona. Labo abanamandla amakhulu aphilayo abaphilela bona kuphela basheshe bagubuzelwe ukukhohlwa. Kodwa labo abaphilela abanye bahlala bekhunjulwa phakade. Abaprofethi babengenazo izihlalo zobukhosi zegolide ngesikhathi sokuhlala kwabo emhlabeni, kodwa bahlala esihlalweni sobukhosi sothando ezinhliziyweni zezigidi. Leso sihlalo sobukhosi esingcono kakhulu umuntu angasihlala.

Umuntu ufika kuleli zwe ekhala kuyilapho wonke umuntu ejabula ngokufika kwakhe. Kumelwe asebenze futhi akhonze ngesikhathi sokuphila kwakhe.

okwabelwe ukuze kuthi lapho kufika isikhathi sokuhamba kuleli zwe, ahambe emomotheka kuyilapho izwe limlilela.

UNkulunkulu wadala leli zwe ukuze isintu sisebenzise ukuhlakanipha kwaso ukuze sithole ulwazi olungokomoya futhi siqonde ukuthi uMcabango waphezulu ungamandla amakhulu, futhi la mandla kufanele aqondiswe ngendlela efanele ukuze kuzuze thina nabanye.

Ukuba uNkulunkulu akazange asinike uthando ngokutshala uthando lwaKhe ezinhliziyweni zethu, besingeke silwazi nhlobo uthando lwabantu Njengoba uNkulunkulu enomusa futhi esithanda kangaka, kufanele abe yinjongo yethu kanye nomgomo wokufuna kwethu. Akafuni ukuzibophezela kithi, kodwa akukho njabulo engatholakala ngaphandle kokucabanga ngaYe nokuxhumana naye.

Indlela engaqondakali umzimba nengqondo esebenza ngayo, uNkulunkulu asihlukanise kuzo zonke ezinye izidalwa

Zonke ezinye izimangaliso kanye nesimangaliso empilweni kufanele zibe yisisusa esanele sokusenza sihlose ukukufuna nokukuthola.

Noma ubani ozama lokhu ngobuqotho nangokwethembeka uzophumelela emzamweni wakhe futhi uzofeza umgomo wakhe

Ngesikhathi ngiqala le ndlela, impilo yami ekuqaleni yayididekile futhi ingahlelekile, kodwa ngemizamo ephindaphindwayo kanye nomzamo oqhubekayo, amafu aqala ukunyamalala, futhi izinto zacaca ngendlela emangalisayo Konke okwenzeke kimi kwakuwubufakazi obungenakuphikiswa bokuba khona kukaNkulunkulu kanye nethuba lokuxhumana nokwazi Yena kule mpilo O, ukuthula, ukuthula kwengqondo, kanye nokuthula kwangaphakathi

**okutholwa ngumfuni lapho ethola uNkulunkulu!
Umhlaba ube usukhanya futhi umomotheka, konke
kuzolunga, futhi akukho lutho oluzokwazi ukufaka
ukwesaba enhliziyweni**

**Yile ndlela okumele sibhekane ngayo nezinselele
futhi silwe impi yokuphila ngesibindi nesibindi
esifanele abantwana bokuphila nokukhanya.**

Ukuthola ingcebo

Uthisha: uParamhansa Yogananda

Ukuhumusha: Mahmoud Abbas Masoud

Ingabe kukhona amandla endaweni yonke akwazi
ukwembula izimayini zengcebo nengcebo, futhi embule
ingcebo engazange icatshangelwe futhi esingakaze
siyiphuphe ngaphambili?

Ingabe akhona amandla endaweni yonke
esingaphendukela kuwo futhi sithembele kuwo ukuze sithole
impilo, injabulo, kanye nokukhanyiselwa okungokomoya?

Othisha abakhanyiselwe baqinisekisa ukuthi la mandla
akhona futhi babonise ukusebenza kahle kwemithetho
nezimiso zeqiniso ezizosebenzela isintu uma zibavivinya
ngengqondo evulekile.

Impumelelo emhlabeni ayixhomekile ngokuphelele
ekuqeqeshweni nasekuzijabuliseni, kodwa futhi
nasekuzimiseleni ukusebenzisa amathuba atholakalayo
ngokugcwele.

Amathuba okuphila awaveli ngengozi; adalwe futhi
akhiqizwa Abantu badale wonke amathuba abe khona futhi
atholakala kubo (kungakhathaliseki ukuthi kule mpilo noma
esikhathini esidlule esidlule, kufaka phakathi izimpilo
zangaphambilini noma ukuzalwa kabusha) Njengoba bedale

la mathuba, kumele bawasebenzise futhi bazuze kuwo ngokugcwele nangendlela engcono kakhulu.

Uma sisebenzisa zonke izindlela zangaphandle ezitholakalayo kanye nezinsizakusebenza, ngaphezu kwamakhono ethu emvelo, ukuze sinqobe noma yiziphi izithiyo ezingase zisivimbe, sizohlakulela amandla uNkulunkulu asinike wona: lawo mandla angenamkhawulo avela ekujuleni kobuntu bethu. Sinamandla amabili amakhulu: amandla okuqonda kanye namandla entando, futhi kumelwe sisebenzise lezi zipho ezimbili ezingcwele ngokugcwele.

Impumelelo noma ukwehluleka komuntu kuncike ohlotsheni kanye nephethini yokucabanga kwakhe okuvamile Yikuphi okunamandla kakhulu empilweni yomuntu: imicabango yempumelelo noma imicabango yokwehluleka? Uma ukucabanga kuyinto embi isikhathi esiningi, imicabango emihle ngezikhathi ezithile ngeke yanele ukuheha impumelelo Kodwa uma umuntu ecabanga ngobuqotho, uzothola lokho akufunayo futhi afeze umgomo wakhe, noma ngabe uzizwa ezungezwe ubumnyama

Wonke umuntu unesibopho ngaye. Akekho omunye ozophendula noma akhokhele yena ngosuku lokugcina.

Umsebenzi wethu emhlabeni, lapho izenzo zethu zesikhathi esidlule zisibeke khona, uyinto okungekho omunye umuntu ongayifeza. Futhi umsebenzi wethu ubhekwa njengophumelelayo kuphela uma ukhonza abanye abantu ngandlela thile.

Akukho nkinga okufanele kugxilwe kuyo noma kubuyekezwe njalo. Vumela izinto ziphumule isikhashana, futhi zingase zixazululwe zona. Kodwa-ke, umuntu akufanele ahlale elele isikhathi eside aze alahlekelwe ikhono lokuqonda. Izinkathi zokuphumula kufanele zisetshenziselwe

ukuzindla okujulile nokufinyelela emikhawulweni ethule emphefumulweni.

Uma uvumelana nawe, uzokwazi ukucabanga kahle ngakho konke okwenzayo Ngisho noma imicabango yakho ihlakazeka, uzokwazi ukuyiqoqa bese uyigxilisa kabusha. Ikhono lokufeza lokhu kuvumelana okungcwele lingatholakala ngomzamo nokuzijwayeza

Ngaphezu kokucabanga okuhle, amandla okuzimisela, ukusebenza kanzima, kanye nokuphikelela kubalulekile ekufinyeleleni impumelelo. Zonke izibonakaliso zangaphandle kanye nezenzakalo ziwumphumela wamandla okuzimisela, kodwa la mandla avame ukusetshenziswa ngokuqonda nangokunengqondo.

Kukhona intando ezenzakalelayo njengoba nje kukhona intando eqondayo, futhi amandla ashukumisayo ngemuva kwazo zonke izenzo ukuzimisela okungaguquki noma amandla entando, ngaphandle kwawo umuntu angeke akwazi ukuhamba, ukukhuluma, ukusebenza, ukucabanga, noma ukuzizwa. Ngakho-ke, amandla entando angamandla ashukumisayo ngemuva kwazo zonke izenzo, futhi ukwehluleka ukusebenzisa lo msebenzi kusho ukungasebenzi ngokuphelele kanye nokudinwa, kokubili ngokomzimba nangokwengqondo Abantu basebenzisa amandla entando ngisho nokunyakaza izandla zabo, futhi akunakwenzeka ukuphila ngaphandle kokusebenzisa la mandla.

Amandla okuzenzela angokuzenzakalelayo ukusetshenziswa kwamandla okuzenzela ngokungazi Amandla okuzenzela angamandla abalulekile ahambisana nokuzimisela nomzamo; ayindlela yokukhiqiza amandla okumele iqondiswe ngokuhlakanipha nangokucabanga. Uma umuntu eziqeqesha ukusebenzisa amandla okuzenzela ahlakaniphile, acabangayo, kunokuba asebenzise amandla

okuzenzela angaqondi, kumelwe futhi aqinisekise ukuthi amandla akhe okuzenzela asetshenziswa ngendlela ezuzisayo neyakhayo, hhayi ngezinjongo ezilimazayo noma ukuthola izinto ezingabalulekile nezingenamsebenzi.

Ukuze umuntu ahlakulele intando eqinile nephumelelayo, kumelwe ahlose futhi azimisele ukwenza izinto ayecabanga ukuthi azinakwenzeka. Qala ngemisebenzi elula, futhi njengoba ukuzethemba kwakho, amandla, kanye namandla akho okuzimisela kukhula, kancane kancane zama eyinselele futhi enzima kakhulu.

Okokuqala, umuntu kumelwe aqinisekise ukuthi umgomo omuhle nohloniphekile uyabekwa, futhi alwele ukuwufinyelela ngawo wonke amandla namakhono, ngokwenqaba ngokuphelele ukuyeka noma ukuvuma ukwehluleka, kungakhathaliseki ukuthi yiziphi izithiyo ezima endleleni.

Umuntu kumele asebenzise intando yakhe ephelele ukuze afunde umsebenzi ngesikhathi esisodwa futhi angachithi amandla noma ashiye izinto zingaqediwe ngaphambi kokuqala uhambo olusha.

Ukuthula makube phezu kwakho

**Indlela yokufunda ukuziphatha kwabanye abantu
Ukufunda ukuziphatha kwabanye kwenza umuntu
aqaphele izinto ezingamsiza athuthukise ubuntu
bakhe. Kodwa-ke, ukufunda ukuziphatha ngendlela
engalungile kuphambene neqiniso nonembeza, futhi
kunemiphumela emibi.**

**Wonke umuntu ugwema "amaphoyisa
okuziphatha ayimfihlo" anhloso yawo iwukudalula
nokuhlambalaza abanye. Abaningi balabo abajabulela**

ukugxeka abanye abakwazi ukubekezelela ukugxekwa ngokwabo, yize bengase babe namaphutha kanye nokushiyeke abakhala ngakho ngokukubona kwabanye, ngokusho konembeza babo "abamsulwa".

Ukufunda ngobuntu kubaluleke kakhulu ngesizathu esisodwa esiyisisekelo: sidinga njalo ukuqaphela izimfanelo ezinhle kwabanye futhi sihlakulele lezo zimfanelo ezinhle ngaphakathi kithi. Ngifunda ngobuntu lapho kufanele ngibhekane nabantu abathile. Kodwa ukukhetha kwami kuvela embonweni ohluke ngokuphelele. Ngezinye izikhathi ngivumela umuntu engimaziyo ukuthi akanamusa ukuba abe nami, nginethemba lokuthi uzozuza. Uma esabela esiqondisweni sami esingokomoya ukuze azuze, uzoshintsha abe ngcono; uma kungenjalo, ngizobe ngenze konke okusemandleni ami.

Ngifana nodokotela ozibeka engozini yokugula ukuze asize isiguli. Bonke odokotela bathatha le ngozi ngoba befisa ukukhonza nokusiza. Kunjalo nangodokotela ongokomoya. Uzibophezela ukuhlola abanye futhi aveze ubuthakathaka babo nobuhlungu babo ukuze abasize bathuthukise imiphefumulo yabo.

UJesu wathi, "Ungahluleli, funa nawe uzokwahlulelwa" (futhi ku-Quran sifunda ukuthi, "Ngempela, ukusola okuthile kuyisono") Lokhu kuwukulahlwa okucacile kokugxekwa okushukunyiswa yinhloso embi kanye nesifiso sokulimaza abanye Ukuziphatha okunjalo kulukhuni futhi konakalisa isimo sobungane nothando phakathi kwabantu Ukugxekwa akusizi ngalutho ngaphandle kokuthi kunikezwa ngothando lwangempela nalapho omunye umuntu ekufisa Kufanele kunikezwe kuphela ngenhloso yokusiza lowo muntu Labo abafunde ukuzithiba banelungelo lokusiza abanye Kusukela

**kulo mbono, ukufunda ngezimiso zokuziphatha
kuyasebenza futhi kuyazuzisa**

Igatsha elilodwa lokutadisha ubuntu lisekelwe ku-physiognomy Kuthiwa zonke izici ezivelele kumuntu zibonakala ngokucacile emzimbeni wakhe. Lesi sitatimende asinakubizwa ngokuthi sijwayelekile ngoba akuzona zonke izici noma izibonakaliso zomzimba ezibikezela ngokunembile impilo yengqondo.

U-Aristotle wafunda i-physiognomy njengesiqondiso sokuqonda umlingiswa. Amakhosi aseNdiya aya phambili nangokwengeziwe. Bathi imibono eyisisekelo yokuphila komuntu yembulwa emehlweni. Nakuba amehlo embula izimfihlo ezijulile zomphefumulo—hhayi zalokhu kuphila kuphela kodwa nezezinto ezenzeka esikhathini esidlule—ingqondo yenkosi ekhanyiselwe kuphela engafunda futhi ihlaziye lokhu kuqonda.

Ngezinye izikhathi uhamba emgwaqweni bese ngokuzumayo ubona okuthile emehlweni odlulayo, bese uzitshela ukuthi, "Angizizwa ngikhululekile ngalowo muntu" noma "Ngiyamthanda lowo muntu," kuye ngesimo.

Amehlo alandisa yonke indaba Ukwesaba, intukuthelo, umona, ubugovu, ukuphana, uthando, isibindi, ingokomoya, nazo zonke izimfanelo ezinhle nezimbi kubonakala emehlweni Izisebenzi eziyimfihlo zingalawula imisipha yazo yobuso ukuze ukubukeka kwazo kungadaluli izinhloso zazo Kodwa azikwazi ukufihla noma ukususa izinsolo emehlweni azo (yingakho abanye begqoka izibuko ezimnyama!) Nokho, amehlo e-yogi athule ngoba ecabanga ngomoya waphezulu onokuthula nozolile

Zonke izici zobuso nezomzimba ziye zafundwa Ngisho namaqhubu avelele ekhanda ahlaziyiwe

Kodwa ukubukeka komzimba akuhlali kutshela yonke indaba, futhi amasiko ahlukene afinyelela iziphetho ezahlukene ngokubona kwabo kanye nezifundo zabo Abanye bathi abantu abakhuluphele ngokweqile bathanda ukuzijabulisa futhi bayakwenyanya ukusebenza, kuyilapho abantu abancane benomoya ophansi

UCaesar wayemxwaya uCassius, ayembona njengosongo emandleni akhe Abanye ababhali babecabanga ukuthi abantu abancane bacabanga kakhulu, yingakho bentula inyama. Kodwa-ke, umlando ubonisa ukuthi abantu abancane nabakhuluphele bebe ngababusi abahle.

Uma ukhuluphele njalo manje, ubulokhu ukhuluphele izikhathi eziningi ngaphambili (ekukhuleni komzimba kwangaphambilini) Noma uma ulokhu unciphile njalo, ubulokhu unjalo ekwakhiweni komzimba okuningana kwangaphambilini Uzuze njengefa ukuthambekela (ukuba nesisindo esikhulu noma esincane) esikhathini esidlule Futhi kungakhathaliseki ukuthi udlani, leyo ndlela yokucabanga ihlala ibusa futhi ikwazi ukuzibonakalisa

I-Physiognomy, njengesayensi ehlose ukuhumusha imvelo yomuntu, iyisayensi yangempela uma sicabanga ukuthi yonke imicabango edlulile engqondweni yomuntu kuyo yonke imizimba yakhe eminingi ibonakala emzimbeni wakhe. Kodwa-ke, lokhu kudinga umuzwa ojulile womfundisi ongokomoya okhanyiselwe ukuze aqonde ngokugcwele nangokunembile izici ze-physiognomy kulowo muntu.

Ngokwesibonelo, uSocrates wayemubi kakhulu. Wahlangana nesazi sezinkanyezi esikhulu esathi kuye: "Socrates, ungumuntu omubi kakhulu futhi omubi kakhulu engake ngambona." Abafundi

bakaSocrates bamthukuthelela kakhulu isazi sezinkanyezi, kodwa uthisha wabo waphendula wathi: "Uqinisile ukuthi ngangiyikho konke lokho esikhathini esidlule, kodwa yize manje sengizinqobile lezo zimfanelo ezimbi ngokuhlakanipha, izinto engazenza zisagxiviziwe kulo mzimba, okwenza ubukeke unyanyeka."

(Lokhu kusikhumbuza ngokuvela komunye wababhali abavelele kakhulu abangama-Arabhu eminyakeni eminingi: u-Abu Bahr al-Jahiz, okwathiwa ngaye :)

Uma ingulube ingaguqulwa okwesibili, ibizobe isalokhu ingabi mbi kakhulu kuneka-Al-Jahiz

Umuntu osebenza esikhundleni sesihogo uqobo lwakhe; uyisicucu sothuli kuzo zonke izingosi (qaphela)

Azikho ubuso obufana ncamashi. Ubuso ngabunye buhlukile ngenxa yezimfanelo nezici eziye zazibonakalisa kulokhu kuphila nasezimpilweni zangaphambilini. Akuyona nje indaba yokwahlulela abantu njengabahle noma ababi ngokusekelwe ekubukekeni kwabo kwamanje, kungakhathaliseki ukuthi uSanta Francis wase-Assisi wayemuhle noma akahle, kuyilapho umfundi wakhe, uMfoweth' uMacedonius, wayeyindoda ebukekayo. Kodwa uMacedonius wayengenabo ubuhle obukhulu obungokomoya uSanta Francis ayenabo.

Elinye igatsha locwaningo oluhlobene ne-physiognomy yi-pathognomy: ukuchazwa kwemizwa yomuntu noma indlela aveza ngayo imizwa yakhe ngokusebenzisa ukushukuma komzimba, ukubonakaliswa kobuso, kanye nokunyakaza komzimba, kanye nokutadisha ukusabela kwakhe ezenzakalweni ezithile.

Imizwa nemikhuba kubonisa izici zomuntu ezizimele, kodwa abantu abaningi bathuthukise ikhono lokufihla imizwa yabo yangempela ngoba abafuni ukuziveza kwabanye.

Amadoda amabili ezwe izindaba zokuthi omkawo baminze ndawonye Omunye wabonisa usizi olukhulu, kanti omunye wahlala ethule Kodwa-ke, lowo owayebonisa usizi ngaphandle wayemthanda kancane umkakhe kunomyeni owayengabonisi ukucindezeleka nhlobo ngesimo sobuso bakhe Ngakho-ke, i-pathogenesis—ukuqonda imizwa yangempela kanye nokusabela—kuwumkhakha ojulile wokutadisha

Abantu bangahlaziywa ngokunembe nangokuthembekile ngokusekelwe emizweni yabo nasekubukekeni kwabo ngokomzimba Ngihlanganisa zombili izindlela zokuhlaziya okunembe kakhulu nokuthembekile Bonke labo abeza kimi bezoqeqeshwa babekwa ezimweni ezithile ukuze babone ukuthi izingqondo nemizwa yabo isabela kanjani Uma besabela kabi, ngizama ukubalungisa Kodwa lokhu ngikwenza kuphela uma umuntu ecela iseluleko sami futhi enginika igunya nemvume yokubaqondisa

Abanye abantu bahileleka ngokomzwelo ngesizathu esincane nje sokuthi abaculi baseNtshonalanga ngokuvamile bavame ukuba ngokomzwelo kakhulu, futhi umculo omningi waseNtshonalanga ungokomzwelo ngoba ugxile ezindabeni zothando lwabantu ENdiya, umculo ugxile emcabangweni kaNkulunkulu, futhi lokhu kuyimfihlo yekhono lawo lokudambisa izivunguvungu zemizwa nokuletha ukuthula okujulile ngokomoya Lokhu akusho ukuthi bonke abaculi baseNtshonalanga bangokomzwelo noma bonke abaculi baseNdiya bangokomoya, yize kungenzeka ukuthi banjalo. abacabangayo zifuna ukwenza ngokushesha ngakho-
ke zidinga umuntu ozoziqondisa ekusebenziseni

bazokwenza okuphambene nalokho. Kungani? Ngoba
abanawo amandla okumelana nezifiso zabo Imikhuba

abantu abakwenzi lokho okusikiselayo—ngisho noma
bazi ukuthi kuzuzisa bona—ukufakazela ukuthi
awukwazi ukubathonya Labo abafisa ukuzithuthukisa

**esiphakeme ngokomoya, futhi uzozuza kakhulu

**Abanye bathi owesifazane unobuqili njengekati

**Abanye abantu bayakujabulela ukubhubhisa

**Ezinye izinhlobo zabantu zazifaniswa nama-jay,
zikhuluma njalo. Kwathiwa umuntu wadalwa kuqala,
bese unkulunkulu uTuashtari ethatha ubumnene
benyanga, ubumnene behla esifubeni sehansi, ubusha
bezimbali, kanye nokukhuluma kwama-jay,
wakuhlanganisa lokhu ndawonye ukuze adale
owesifazane. Injabulo yendoda yayingachazeki.
Kodwa ngemva kwesikhashana, yaya kuTuashtari
yathi, "Yeka isidalwa esihle! Ngiyamhlonipha
ngempela, kodwa ukhuluma njalo futhi wenze impilo
yami yaba lusizi. Ngiyacela, nkosi yami, mbuyisele
emuva." Ngemva kwezinyanga ezimbili, indoda
yabuyela kuTuashtari yathi, "Ngidabukile kakhulu.
Ngicela ungibuyisele lona wesifazane." Ngemva
kwesikhashana, yabuya yathi, "Ngicela umthathe
kimi." Kodwa kulokhu, uTuashtari waphendula wathi,
"Ngeke! Kumelwe umgcine!"**

Mhlupheki! Wayengenakukwazi ukuhlala naye, kodwa wayengenakukwazi nokuphila ngaphandle kwakhe!

Abesifazane nabo bangakhononda ngamadoda Ngaphandle kokuba amadoda nabesifazane beqonda imvelo yomunye nomunye, bazohluphana ngokungazi nangobuwula. Bayalingana emehlweni kaNkulunkulu. Ungavumeli intukuthelo ikulawule

Lo muzwa ujule kakhulu kunalokho obonakala ngaphandle. Umuntu angase akwazi ukulawula ngokufanele ukubonakaliswa kwangaphandle kokuqhuma kobudlova, kodwa abe nentukuthelo ecindezelwe kanye nentukuthelo evuthayo. Lo muzwa ubonakala ngezindlela ezahlukene, njengolaka, ukungahlaliseki, ukubekezela, ukunganeliseki, umona, ukucasuka, ukungajabuli, kanye nokuguquguquka kwemizwa. Eginisweni, cishe wonke umuntu ubhekana nentukuthelo ngezinga elithile.

Intukuthelo, kungakhathaliseki ukuthi injani, ivela ekukhungathekeni ekugcwaliseni izifiso. Uma kungekho injabulo engokomoya, abantu baphendukela enjabulweni ngezifiso zenyama—izifiso ezithwala ngaphakathi kubo imbewu yokukhungatheka nokunganeliseki, futhi ngenxa yalokho, intukuthelo, ebhubhisa imizwa yothando kanye nokugonda okuphakeme.

Ngakho-ke, indlela eqinisekile yokuqeda intukuthelo ukususa imbangela yayo: isifiso Uma umuntu enezifiso eziningi, kulapho ukukhungatheka kwakhe kuzoba kukhulu khona, ngoba akunakwenzeka ukwanelisa zonke lezo zifiso, njengoba izifiso zemizwa zinganeliseki futhi azipheli. Lapho sizama kakhulu ukugcwalisa izifiso noma ukuzwa injabulo yemizwa, kulapho sinamathela khona kakhulu kuzo. Futhi lapho ukunamathela kwethu kuqina, kulapho ubuhlungu bethu bokuncishwa lezo zinto ezibonakala zanelisa izifiso zethu.

Isibonelo, imvelo isifake umuzwa wendlala ukuze sazi ukuthi imizimba yethu idinga ukudla nini. Kodwa ukunamathela noma ukunxanela kwandisa lo muzwa futhi

kuwuguqule ube ukucindezeleka kwengqondo. Uma ulambile njalo futhi uzila ukudla izinsuku ezintathu— kungakhathaliseki ukuthi kungenxa yezizathu zempilo noma ngenye indlela—cishe uzozizwa uthukuthele. Ngakolunye uhlangothi, i-yogi ingahlala ingadli ukudla izinsuku eziningana ngaphandle kokukhathazeka ngokungabikho kwayo ngoba iziqhelise ekuziphatheni komzimba.

Uma siqaphela ukuthi izifiso ziwumthombo wentukuthelo, sifuna ukwazi ukuthi singabhekana kanjani nalezo zifiso ngendlela eyakhayo. Kunezindlela eziningana zokwenza lokhu:

Okokuqala, gcwalisa lezo zifiso

Uma lezo zifiso zingenangozi, akukho lutho olungalungile ngokuzigcwalisa, bese zidlula. Inkinga iwukuthi ukugcwalisa lezo zifiso kungadala ezintsha, noma zingase zibe imikhuba egxilile nelimazayo. Uma uzondla kakhulu lezo zifiso, ziqina kakhulu. Ngakho-ke, umuntu kufanele abe nokuqonda nokugxeka, ngisho nalapho egcwalisa izifiso ezibonakala zingenacala.

Okwesibili, lahla lezo zifiso

Enye yezindlela eziphumelela kakhulu zokunqoba izifiso ukuzilahla engqondweni yakho, futhi lokhu kuba yinto yemvelo njengoba siqaphela ngokwengeziwe ngokomoya Labo abahileleke ezifundweni nasemikhuba engokomoya, isibonelo, balahlekelwa isifiso sokubhema Izifiso zokuzidela ziza lapho umphefumulo uvuka ngokwanele ukuze uphishekele isifiso sokugcina: injabulo ehlala njalo Lapho sithola injabulo engokomoya ngaphakathi kithi, isifiso sezinto ezithinta imizwa siyabuthakathaka futhi sikhulule ukubamba kwaso intando

Singashintsha izifiso ezinamandla zibe amandla anamandla nawokudala azuzisa kakhulu Ngokuvamile, isifiso ngokwaso asisibi; inkinga isekutheni abantu basiphishekela kanjani Uma ubuwazi ukuthi ungayithola kanjani injabulo ngaphakathi kuwe, ubuzothola ukuthi zonke izifiso zakho zizogcwaliseka ngaphandle kokudinga ukugijima uzama izinto ezahlukene ukuze uzifeze.

Lokhu akufanele kuthathwe njengokusho ukuthi akufanele sibe nezifiso Njengabantu, asinakuzibamba kodwa sibe nezifiso Uma nje sisesemhlabeni, imvelo isinxusa ukuba senze okuthile Inselele iwukuthi asivumeli intukuthelo isilawule lapho imiphumela yezenzo zethu ingahlangabezani nokulindela kwethu

Ukuzindla kuyikhambi eliphumelelayo lentukuthelo noma enye inkinga Lokhu kungenxa yokuthi ukuzindla kusenza sivumelane ngokuphelele nemvelo yethu yangempela, sikhululekile kuzo zonke izinhlobo zobubi, okuhlanganisa nentukuthelo injabulo nokuthula kukaNkulunkulu kuhlala ngaphakathi kithi, futhi uma sizindla ngendlela efanele, sithola leyo njabulo nokuthula, futhi intukuthelo iyanyamalala ngokwemvelo ngenxa yalokho Njengoba nje inqwaba yesihlabathi ingenakumelana namagagasi anamandla, nomuntu ontula ukuthula kwangaphakathi akanakumelana neziphepho ezinamandla zobuhlakani

Kodwa idayimane ligcina imvelo yalo ebalulekile kungakhathaliseki ukuthi amagagasi alishaya kangakanani nxazonke. Ngokufanayo, umuntu onomphefumulo omsulwa, njengekristalu ecacile, uhlala ekhanya ngisho noma ubunzima bumzungezile futhi imimoya yokuhlangenwe nakho imnyakazisa ngamandla.

Kungani enqaba izikhundla eziphakeme kakhulu?

Indaba enenjongo

Njengoba kulandiswa nguthisha I-Paramhansa

Ukuhumusha: Mahmoud Abbas Masoud

Ezikhathini ezidlule, amanye amadoda alungile ayehlala endaweni ethule ehlombe lesigodi esiseceleni kwehlathi, lapho umoya wokuthula wawuhlala ukhona khona futhi uthando lobuzalwane lwaluwuphawu lwaleyo ndawo yokubalekela ebusisiwe.

Labo Bazalwane basePurity babephila ngezithelo ezintsha ezazinikezwa yizihlahla futhi basebenzisa izandla zabo ezibambene ukukha nokuphuza amanzi aphilayo, acwebezelayo, agelezayo emithonjeni eminingi yasezintabeni ecacile.

Amehlo abo ayekhanya futhi ecwebezela njengamadayimane ngokumamatheka kwasezulwini okugcwele ukwaneliseka nokwaneliseka, futhi injabulo yayihlezi ezinhliziyweni zabo, ibagcwalisa ngenduduzo ehlala njalo

Naphezu kwakho konke lokhu, omunye walaba bantu ababusiwe wazizwa ejabule kakhulu ngokomoya futhi elangazelela ukunambitha inkazimulo yezwe, noma ngabe okwesikhashana nje kuphela, wabanjwa yisifiso sokuba yinkosi usuku olulodwa, ngakho wavalelisa abafowabo wazulazula waya emnyango kaNkulunkulu efuna injabulo yobukhosi.

Endleleni yakhe, wathandaza kuNkulunkulu ngenhliziyo yakhe yonke, ethi: “O Nkosi, O Wena ophanayo O Wena ozwa imithandazo futhi ugcwalise amathemba, ngicela ukuba uqondise izinyathelo zami esigodlweni lapho ngingajabulela khona injabulo ejatshulelwa amakhosi ngolunye usuku”

Lapho nje eqeda ukuthandaza kwakhe, amehlo akhe awela esakhiweni esihle kakhulu, wabe esezitshela ukuthi: "O, ihora loMuntu Onomusa! UNkulunkulu ugcwalise iphupho lami, futhi injabulo engiyifisayo isiseduze nokubamba kwami" Washesha izinyathelo zakhe waya kuleso sakhiwo esihle kakhulu.

Akukho nogada abamvimbayo, ngakho wangena ngesango elikhulu ngaphandle kwesithiyo, wazulazula emasimini aluhlaza agcwele ama-roses amasha futhi amnandi kakhulu kanye ne-basil ngaphandle kokubona noyedwa umuntu.

Wabe eseya endlini yokudlela yasebukhosini wathola amatafula egcwele ukudla okumnandi kakhulu, elinde ukufika kwakhe Kodwa akabonanga ngisho nenceku eyodwa lapho. Wazitshela ukuthi, "Yeka ukuthi unomusa kangakanani, Nkosi! Unginike lesi sigodlo esihle kakhulu kanye nokudla okuhle okufanele amakhosi. Yilokhu engikucelile kuwe, futhi ungiphile isifiso sami, O Muhle Kakhulu kunabo bonke abanomusa."

Eqiniseka ukuthi uSomandla wayemnike isifiso senhliziyo yakhe, waqala ukucabanga ngezinto ezimjabulisayo, eqiniseka enhliziyweni yakhe ukuthi uNkulunkulu uSomandla ekugcineni wayemnike injabulo yobukhosi ayeyilindele isikhathi eside. Ngaphambi kokudla kwasemini, waya endlini yokugezela yasebukhosini, wageza, wagqoka izingubo zikasilika zikanokusho. Wabe esehlala etafuleni elibizayo waqala ukudla iminikelo yalo emihle nejabulisayo.

Ngaleso sikhathi, izinceku ezazigembula ekhoneni elilodwa lesigodlo zangena, futhi ngentukuthelo enkulu nokukhungatheka, zambuza , zathi: "Ungubani wena ukuba udle ukudla kwenkosi yethu inkosi eye ohambweni lokuzingela futhi silindele ukuthi ibuye noma nini?"

Lapha umngane wethu wayecabanga ukuthi uNkulunkulu uSomandla uyamvivinya, ngakho wathi kubo ngezwi elimnandi: “Ngingumngane weNkosi Enkulu, futhi ngize lapha ngesicelo sakhe somusa ukuze ngijabulele injabulo yobukhosi usuku olulodwa”

Zibona ukuzola kwakhe okungavamile nokuzethemba, izinceku zamthatha njengesivakashi senkosi futhi zamvumela ukuba aqedele isidlo sakhe sasemini sasebukhosini. Ngemva kwalokho, zamyisa ekamelweni lokulala ukuze aphumule, zingazi ukuthi "iNkosi Enkulu" ayeyikhulumile kwakungeyona inkosi yabo yasemhlabeni eyayizingela, kodwa iNkosi uNkulunkulu

Ngemva kwamahora amabili, ummemezeli wafika ngokushesha ukuzotshela izinceku ukuthi uBukhosi buphuzile kancane futhi buzofika ngehora, wabe eseziyala ukuba zidle ukudla okusha nokumnandi okumlindile.

Izinceku zabuza, "iNkosi ayizange yini ithumele isivakashi ukuba sizojabulela ukudla kwayo futhi silale embhedeni wayo?"

Isithunywa senkosi saqaphela ngokushesha ukuthi omunye wama-dervish azulazulayo wayeze esigodlweni engamenywanga, wadla ukudla kwenkosi, futhi manje wayesekhonkotha embhedeni wakhe. Ethukuthele ngenxa yalokhu kuhlambalaza okungakaze kubonwe, wayala izinceku ukuba zilethe izinduku ukuze zikwazi ukuziphula phezu kwale dervish empofu.

Akudingeki ukusho ukuthi, umngane wethu othandekayo wavuka emaphusheni akhe asebukhosini ezwa umsindo wezinduku zimthela phezu kwakhe ngonya zivela nxazonke. Kodwa njengoba izinceku zimshaya futhi zimthuka ngokungaphezi, wayevele ahleke, okwabathukuthelisa kakhulu, ngakho baqhubeka nokuhlasela kwabo waze

walahlekelwa ingqondo. Base bemhudula, equlekile, bemkhipha emasangweni esigodlo.

Umngane wethu ongumDervish wephuzile ukubuyela kubaqowabo, ngakho bamfuna baze bamthola engazi lutho futhi elele ngaphandle kwenkundla yesigodlo. Bamthatha bambuyisela endaweni yabo yokuhlala ethule. Njengoba omunye wabaqowethu efaka ubisi emlonyeni wakhe, wambuza ukuthi usephinde waphaphama yini: "Uyazi ukuthi ubani okupha lolu bisi?" Waphendula wathi: "Yebo, ngiyazi. UNkulunkulu ofanayo owangijezisa kanzima ngokufuna ukujabulela injabulo yasebukhosini usuku olulodwa nguyena ongipha lolu bisi manje."

Abanye abazalwane babonga uNkulunkulu ngokuphepha komqowabo futhi bancoma ukholo lwakhe oluqinile nolungantengantengi kuNkulunkulu, ngokungafani nalabo abakhonza uNkulunkulu ngezikhathi zenkazimulo nokuchuma futhi bamphika ngezikhathi zokucindezeleka nokuhlupheka.

Phakathi naleso sikhathi, iNkosi yabuyela esigodlweni sayo esihle kakhulu yayala ukuba kulungiswe ukudla. Wathukuthela okwesikhashana lapho ezwa indaba yompofu owayenesibindi sokudla ukudla kwakhe futhi engayekanga ukuhleka ngenkathi izinceku zimshaya ngonya ngezinduku.

Ngesizathu esithile, inkosi yathinteka kakhulu yile ndaba, eyayihlupha imicabango yayo. Yayala izinceku zayo ukuba zithole lo mpofu onesibindi futhi zimlethe kuye. Bahamba bayomfuna kuzo zonke izindlela, kodwa kwaba nhlanga zimuka nomoya. Lapho bebuya esigodlweni ngokuphelelwa yithemba, badlula eduze kwendawo yokuhlala yamaDevish bezwa ukuhleka okukhulu. Bashesho bakubona ukuthi ukuhleka kwakhe, ngakho behla ehhashini, bangena ngenkani endlini yokuhlala, babamba indoda enomusa, bayiyisa phambi kombusi wabo.

Lapho inkosi nomDerwish bebhene, umDerwish wahleka kakhulu kunenkosi, njengokungathi wayengenakukwazi ukuvimba injabulo yakhe ngaphakathi kwezindonga zenhliziyo yakhe. Naphezu kwezicelo eziqhubekayo zenkosi zokuthi ichaze ukuhleka kwayo, umDerwish wenqaba ukuphendula, ngisho nangaphansi kokusongelwa ngesijeziso esinzima.

Ngenxa yelukuluku, inkosi yabe isiphendukela ekumthopheni nasekumduduzeni, yamnika isihlalo sayo sobukhosi uma ingamtshela ukuthi kungani ehleka kuyilapho izinceku zimshaya.

Khona-ke i-dervish yakhuluma, yathi:

"Lalela engizokutshela khona futhi ukuqonde kahle uNkulunkulu ungijezisile kakhulu ngokufisa injabulo yasebukhosini ekhohlisayo ngosuku olulodwa nje kuphela. Ngahleka futhi ngiyahleka ngoba ngiphunyukile ngempilo yami futhi ngabona ukuthi uma ngifanelwe yilo lonke leli jeziso ngokujabulela injabulo yasebukhosini amahora ambalwa, kuthiwani ngalabo abangenandaba nomhlaba ngaphandle kwezinyabulo nezinyabulo, ikakhulukazi ezasebukhosini! Mhlawumbe kulokhu kunesifundo nesixwayiso kuwe, Nkosi Yesikhathi, ngoba umthetho we-karma ulindile futhi ikusasa lakho lisendleleni."

Ngokuphathelene nesihlalo sakho sobukhosi onginike sona, impendulo yami ithi: Ngiyabonga kakhulu Zigcinele wena, ngoba angisidingi ngoba ngiyajabula kuNkulunkulu futhi ngiyaneliseka ngempilo yami, futhi angidingi lutho olungaphazamisa injabulo yami futhi luphazamise ukuthula kwami.

Ukubuka indalo ngamehlo abonayo

I-Master Paramhansa Yogananda

Ukuhumusha: Mahmoud Abbas Masoud

Yeka ukuthi le ndawo yonke imangalisa kangakanani! Kuyo, uNkulunkulu ubonisa futhi abonise izimangaliso zendalo Yakhe Abantu akufanele bahambe njengabafuleyo kuleli zwe, kodwa kunalokho bacabange, bahlaziye lokho abakubonayo, futhi bazise lokho uNkulunkulu kanye nePhini lakhe, isintu, abakwenzile kulo mhlaba Yeka indlela isakhiwo sendawo yonke esinembile ngayo! Indlela esadalwa ngayo kanye nesimiso esihlelekile lapho imishini yokudala isebenza khona, ngokomthetho wendawo yonke, kuyisibonelo sokunemba nokuphelela (umsebenzi kaNkulunkulu, owaphelelisa zonke izinto)

Sonke sibona izimbali futhi sijabulela ubuhle bazo kanye nokunambitheka kwazo, kodwa ubani onekhono lokwazi imfihlo yokuba khona kwezimbali? Umuntu kumele acabange futhi acabange ngezindlela nezinto ezakha konke akubonayo nsuku zonke, kungaba incwadi, insimbi yomculo, indlu, noma umuthi.

Izimoto, isibonelo, zivame ukuthathwa kalula Kodwa uma ubungavakashela amafektri lapho zihlanganiswa futhi zikhiqizwa khona, ubungaqaphela ukuthi umklamo wazo uyinkimbinkimbi futhi uyinkimbinkimbi kangakanani Cabanga futhi ngalokho okufakwayo ekwenzeni amaphephandaba ansuku zonke kanye nemishini ewanyathelisayo Akukho sandla somuntu esingasebenza ngesivini esingaka

Uma izinto ezenziwe ngabantu ziyinkimbinkimbi futhi zixhumene kangaka, kuthiwani ngobunzima obungenamkhawulo bokwakheka kwezitshalo, izilwane, kanye nabantu!

Kudingeka iminyaka eyishumi ukuze kufundwe isayensi yezokwelapha ukuze kuqondwe ukwakheka kanye nezidingo zomzimba, okubonakala kuyinto evamile.

Uma isitshalo sisesigabeni sokuqala sokukhula emanzini ngaphakathi kwesitsha sengilazi, izimpande zaso zifana nezinwele ezinhle. Kodwa-ke, uma sitshalwe, amandla agcwele ubuhlakani obuphezulu futhi akhona ezimpandeni avumela isitshalo ukuthi simunce izakhamzimba ezidingekayo ukuze sikhule enhlabathini nasemanzini.

Akumangazi ngempela ukuthi ijusi elondla amaqabunga esitshalo ligeleza phezulu ngokumelene namandla adonsela phansi? Ngokususa igxolo esiqwini sesitshalo noma esiqwini somuthi, umuntu angabona ukusebenza okuyinkimbinkimbi kwamapayipi alawula ukugeleza kwalelo jusi Amandla ashukumisayo ngemuva kwale nqubo yokondla nokukhula iyimfihlakalo ebizwa ngokuthi impilo uqobo

Uma ngisengqondweni yaphezulu, ngibona impilo ngisho nasezintanjeni zotshani engingakaze ngiphuphe ukuthi ngizokwazi ukubona izimangaliso ezifihliwe zendalo. Ukuzindla ngalezi zimangaliso kuwukuma ngokwesaba nangokuhlonipha phambi kobukhosi nenkazimulo kaNkulunkulu.

(Futhi ngangihamba ngendlela yomuntu othobekile nozithobayo)

(UNkulunkulu akaqhoshi futhi akaqhoshi)

Ngokunemba okukhulu, intando kaNkulunkulu imise isimo sazo zonke izinto eziphilayo, kanye nazo zonke izidingo ezidingekayo zokondliwa kwazo, ukugcinwa kwazo, kanye nokulondolozwa kwazo zisesimweni esihle futhi zikwazi ukwenza imisebenzi yazo. Uma kungaba khona ukuntuleka

kwalezi zidingo zokudla okunempilo, isibonelo, izitshalo, izilwane, kanye nabantu bazohlupheka ngenxa yalokho.

Umuntu ojwayelekile uthola zonke izakhi zamakhemikhali ezahlukahlukeni ezidingwa ngumzimba ekudleni kwakhe Kodwa-ke, abantu abaningi abawunaki umkhombandlela wokudla okunempilo, ukudla ukudla okungenazo zonke izakhi ezidingekayo noma ibhalansi yokudla okunempilo ebalulekile ukuze kube nempilo enhle Ukungondleki kahle kuyimbangela enkulu yezifo eziningi zabantu Ukushoda kokudla okunempilo kunomthelela obonakalayo cishe ngokushesha esitshalweni esinokudla okuncishisiwe ezinye izakhi zamakhemikhali ezibalulekile.

Kukhona ukushintshana okubalulekile phakathi kwabantu nazo zonke izinto eziphilayo. Ukushintshana phakathi kwabantu nezilwane kwaziwa kahle. Abantu baphefumula umoya-mpilo futhi bakhuphe umoya-mpilo, kuyilapho izihlahla zimunca futhi zigcine i-carbon dioxide namanzi, okuhlukaniswa yi-photosynthesis ukuze kwakheke ama-carbohydrate (izinhlanganisela ze-carbon, umoya-mpilo, ne-hydrogen, njengezintshi noshukela)

Kule nqubo, izihlahla zikhipha umoya-mpilo obalulekile kubantu. I-Photosynthesis iyaphela ebusuku ngoba incike ekukhanyeni kwelanga. Kodwa-ke, ngenye inqubo ebizwa ngokuthi ukuphefumula, izihlahla zikhipha njalo i-carbon dioxide emkhathini, ikakhulukazi ebusuku lapho kungekho mphumela wokulwa ne-photosynthesis, emunca i-carbon futhi ikhiqize umoya-mpilo.

Ebusuku umoya uvame ukuzola, futhi i-carbon dioxide esindayo ihlala eduze komhlabathi. Lokhu kungenxa yokuthi umkhuba wokulala emibhedeni, okungukuthi, ngaphezu komhlabathi, wakhula.

Isayensi isivezele izindlela eziningi eziyinkimbinkimbi
zale ndawo yonke—izakhi esakhiwe ngazo sonke Kodwa
kusenolwazi oluningi olungakadalulwa Uma singahlakulela
amandla afihliwe ezinzwa zethu, singazuza ukuqonda
okujulile nokucebile Kukhona izinto okufanele sizibone
ngamehlo ethu, kodwa asizenzi Izinto okufanele sizizwe
ngezindlebe zethu, kodwa asizenzi ngoba ezinzwa zethu
zijwayele futhi zincike kokuhlangenwe nakho komhlaba
oqinile, olinganiselwe

Ukukhululwa kulokho kunamathela akukhona
ukwenqaba injabulo yemizwa, kodwa kunalokho ukwandiswa
kobubanzi bamakhono ethu emizwa—esinikezwe
nguNkulunkulu—aze afinyelele amandla awo angokomoya
aphelele.

Ezingeni elibonakalayo, isintu sithole izindlela
ezahlukene zokuthuthukisa amakhono aso okubona. Iso
elinqunu lithola imibono embalwa yombala; nokho, amanye
amatshe ansundu akhanyayo abonisa imibala ekhazimulayo
ngaphansi kokukhanya kwe-ultraviolet. Lapho lokhu
kukhanya kuvinjiwe, amatshe abuyela embala wawo
omnyama wokuqala. Imibala eminingi emhlabeni
obonakalayo, njengoluhlaza okwesibhakabhaka
esibhakabhakeni, iyimibono yokukhanya edalwe
ukubonakaliswa kokukhanya ezinhlotsheni ezahlukene
zezinhlayiya zento. Njengoba iso likwazi ukubona kuphela
ububanzi obulinganiselwe bokudlidliza okwakha konke
endaweni yonke, abantu abakwazi ukubona ama-spectra
angabonakali, angabonakali afihliwe kukho konke
okubazungezile. Uma singawabona, besizomangala
ngobuhle bawo kanye nobuhle bawo. Ngisho nemibala
yasemhlabeni ekhanya kakhulu ibonakala ingabonakali futhi
ingabonakali uma iqhathaniswa nemibala emihle yendawo
yamaplanethi noma ye-ethereal.

Ngakho-ke, iso noma indlebe azikwazi ukubona konke okungabonwa Abantu abakwazi ukuphefumula amaphunga amnandi noma ukubona izimo eziningi ezingabonakali, izithombe, kanye nemibono ebucayi egeleza phakathi kobukhulu be-ether.

Abantu bavame ukungakwazi ukubona ngisho nezinto ngaphakathi kwemizwa yabo Abantu ababonayo bayazisa ubuhle yonke indawo Abanye benza sengathi abanamehlo; ababoni futhi abaqondi—"izithulu, izimpumpithe, nezimungulu, ngakho abaqondi"—ngoba abakwazi ukubona noma yini, ngisho nasezindaweni ezinhle

Ngesikhathi ngivakashela iMexico futhi ngibona "izingadi ezintantayo" zeLake Zuquemilco, ubuhle bazo bagcwalisa inhliziyo yami, futhi ngezwa ubuhle nobukhulu bomdwebi ongcwele. Kwakukhona omunye umuntu owayebonakala egxile kulezo zimangaliso zemvelo, kodwa umuzwa wangaphakathi wangitshela ukuthi wayengakuboni engangikubona. Ngambuza ngombono wakhe ngalezo zindawo ezinhle, waphendula wathi, "Bengicabanga ngendlela ephumelelayo yokukhipha amanzi ukuze kulinywe umhlabathi owengeziwe."

Njengonjiniyela, wayebuka ichibi ngombono wakhe. Ngakho-ke, sonke sibona izinto ngokwemibono yethu kanye nokubandlulula kwethu.

Wonke umphefumulo ugcwele ukudlidliza okuhlukene kwemizwa, imicabango, nemizwa—zonke izici ezifaka isandla ekwakhekeni kobuntu noma ukuqonda komuntu Umuntu ngamunye unokwakheka okuhlukile, ukudlidliza okuhlukile Konke umuntu akwenzile kusukela ebuntwaneni kuhlala kugcinwe ebuchosheni njengama-capsule acindezelwe okuthambekela nokuthambekela Njengoba singenakuzibona lezi capsule ezingabonakali, simangazwa yizenzo zabantu, ngamunye ngokwezifiso zakhe. Abanye bashukunyiswa

kalula yinjabulo ngaphandle kwesizathu, noma bathukuthele futhi babe nemizwa ngezindlela ezingachazeki, ngisho nakubo ngokwabo Abanye bahlala bematasa ngokugxeka, bedala ukungezwani, besakaza amahemuhemu, futhi bedalula abanye, kuyilapho bona uqobo lwabo ludinga kakhulu ukuhlanzwa nokuhlanzwa. Lokhu kuthambekela kwengqondo kungcwaba umphefumulo futhi kuvimbele umuntu ekudaluleni amandla akhe aphezulu. Yeka ukuthi abantu bayinkimbinkimbi futhi bazibekela imingcele kangakanani! Umuntu ngamunye, ngokwakhe, uyindaba enezahluko eziningi, enezehlakalo ezixhumene nezigcawu ezahlukahlukene

Ngaphezu kokudla, ukulala, nokusebenza, abantu kulindeleke ukuthi bathole okuthile okunenjongo empilweni Abacabangi bacabanga ngendawo ebazungezile futhi bavame ukumangala ngalokho abakubonayo Babukela eduze futhi babuze ukuthi kungani izinto zenzeka noma zingenzeki ngendlela ethile Isibonelo, sithola isethi eyodwa yamazinyo, bese kuba isethi yesibili, ngakho kungani singatholi nesethi yesithathu? Kungani uhlelo lusebenza ngale ndlela?

Abantu bayamukela kalula imibono eminingi ekhohlisayo yokulinganiselwa kwemvelo ngaphandle kokungabaza okukhulu, ngaleyo ndlela bavumela leyo mibono ukuthi ilawule izimpilo zabo kanye nekusasa labo. Abacabangi abasamukeli kalula isimo esikhona; kunalokho, balwela ukusishintsha, futhi yilokhu kanye okwenza intuthuko ibe nokwenzeka.

Ngiyajabula lapho ngibona impumelelo yabantu engavamile kanye nezinto ezintsha ezisiza isintu ngandlela thile. Zingaki izimangaliso ezivele engqondweni yomuntu! Kodwa ingqondo ngokwayo ihlala iyinkimbinkimbi kakhulu kunayo yonke into eyikhiqizile.

Kukhona indaba ngenkosi eyabonisa umusa nothando olukhulu kundunankulu wayo, okwavusa umona nomona ezinhliziyweni zabanye abaphathi bendlu abaqaphela ubandlululo olusobala lwenkosi Lapho inkosi iqaphela lokhu, yafuna ukubachazela ukuthi kungani undunankulu ayeyintandokazi yayo.

Ngolunye usuku inkosi kanye neqembu layo bezwa umculo uvela kude, ngakho yaphendukela komunye wabaphathi bayo yathi: "Sitholele izindaba"

Ngemva kwesikhashana indoda yabuya yathi bekuwumcimbi womshado. Inkosi yabuza, "Umshado kabani?" kodwa umphathi wendlu akaphendulanga.

Wabe esethumela omunye umphathi wendlu owabuya nempendulo yombuzo wokugcina wenkosi, kodwa akakwazanga ukuphendula noma yimuphi komunye. Kwenzeka into efanayo nakwabanye abantu.

Ekugcineni, inkosi yabiza undunankulu wayo omkhulu yamyala ukuba ayophenya ngalolu daba. Undunankulu wahamba ngokushesha, kwathi lapho ebuya, inkosi yamphonsa imibuzo eminingi, yonke leyo ndunankulu ehlakaniphile nethembekile yakwazi ukuyiphendula ngemininingwane eyanelisayo.

Abantu abaningi abahlakaniphile nabangenangqondo bafana nabalindi bomnyango abangenalwazi. Ababona ngempela iziphukuphuku, kodwa babilapha kakhulu ngokomqondo kangangokuthi abawenzi umzamo ongaphezu kwesidingo esiphelele. Ngingathethelela ubuvila bomzimba, njengoba kungase kube nesizathu esizwakalayo somzimba, kodwa asikho isizathu sokungenzi lutho ngokomqondo! Labo abangasebenzi ngokwengqondo abafisi ukucabanga ngoba ngisho nokucabanga kubonakala kubo kuwumsebenzi onzima.

Umcabango uyinto emangalisayo futhi emangalisayo
Akekho ongahlukanisa imikhuba nemibono yengqondo
ngezigaba. Amandla ayo angenamkhawulo. Ngakho-ke, uma
ubhekisisa futhi ucabanga ngokujulile nganoma yisiphi
isihloko, uzothola impendulo yanoma yimuphi umbuzo
ohlobene naleso sihloko.

Imizwa yakho kumele ivumelane nemicabango yakho
Uma ungavumelanisi imizwa yakho nemicabango yakho,
iziphetho zakho ngeke zihlale zilungile Ukuzizwa kuwuhlobo
lokuqonda, indawo yokugcina lonke ulwazi Ukuzizwa kumele
kulinganise ingqondo, ngoba yilapho kuphela lapho
isithombe esingcwele sikaNkulunkulu esingaphakathi kuwe
sivela khona ngokuphelele Ngakho-ke, i-yoga ifundisa
umuntu indlela yokulinganisela amandla engqondo nemizwa
Labo abangenazo zombili ngokulinganayo abavuthiwe

Lapho umuntu ofunayo ethuthuka ngokomoya futhi
esondela kuNkulunkulu, kulapho uNkulunkulu embonisa
khona izimangaliso zokuphila Ngemuva kwayo yonke into
ebonakalayo kukhona iphethini engokoqobo yokukhanya
okunemibala Embusweni ongokoqobo noma wamaplanethi,
konke kugcwele impilo Akukho okufana nokungabi nokuphila
lapho

Ifektri efihliwe yendawo yonke ingaphezu komcabango.
Indawo yonke ingumqondo owodwa engqondweni
kaNkulunkulu! Ngisho nemithala isebenza futhi ilawulwa
yimithetho yezibalo engaphezu kokuqonda komuntu. Konke
kusebenza ngokwesimiso sokunemba okukhulu nokuphelela.
Yeka ingqondo enamandla leyo ngqondo yendawo yonke!
Uqobo olungenamkhawulo lusebenza kukho konke, futhi
zonke izivunguvungu ezahlukahlukene zokunyakaza esizibiza
ngokuthi ukuphila zingaphansi kwaleyo ngqondo yendawo
yonke.

Njalo eminyakeni eyikhulu, izigidigidi zabantu ziyashiya lomhlaba, futhi abaningi bayazalwa Kukhona ukutholakala kanye nesidingo, nazo zonke izinkinga zabo ezingokwemvelo. Kodwa-ke, uNkulunkulu uhlinzeke ngokudla okuningi ukuze kuhlangelelwe nezidingo zesintu. Isintu sodwa esibangela ubumpofu kanye nokuhlupheka emhlabeni. Isikhathi sesifikile sokuba siphile enkathini yokuchuma kanye nenala, lapho wonke umuntu ejabulela impilo futhi ephila ngenjabulo nangokuthula. Lokhu kungenzeka ukube bekungengenxa yobugovu bomuntu kanye nokuphathwa kabi kweziphetho zezizwe yiqembu elincane, elizikhonzayo.

Iningi labantu lihlala ebuthongweni obukhulu kulo lonke leli mpilo lamaphupho. Onolwazi kuphela ovukile. Akanandaba nezinto ezihlala engqondweni yomuntu ovamile, okuwukuphela kokukhathalela kwakhe ukuphishekela ingcebo nezinjabulo zenyama, kanye nokuchitha isikhathi emisebenzini nasezithakazelweni ezingabalulekile.

Kodwa-ke, kunabantu abanezinkumbulo ezibukhali kakhulu abangakhumbula incwadi yonke kalula njengoba ungakhumbula imigqa embalwa. Labo abakhohlwayo bavame ukuthola kunzima ukukholelwa ukuthi othile unenkumbulo yokwamukela ekwazi ukugcina nokubuyisa ulwazi kalula ngendlela emangalisayo.

Umthengisi wezinto zokuhloba ukhumbula izinto zakhe zokuhloba, kanti umgcini wezincwadi ukhumbula izinombolo

ezincwadini zakhe. Ngokufanayo, uNkulunkulu ukhumbula konke akudalile kule ndawo yonke. Njengoba enamandla onke, ukhumbula ngokushesha konke okwenzekile kule ndawo yonke ngoba ukuqonda Kwakhe okuphelele nokungenamkhawulo kukwazi konke.

Inkumbulo ngokwayo iyikhono elimangalisayo Futhi inkumbulo yomuntu ihlobene eduze nenkumbulo kaNkulunkulu enamandla Isibonelo, awukwazi ukukhumbula imininingwane yawo wonke amamuvi owake wawabona Kodwa uma bengizokukhombisa enye yalawo mamuvi futhi, ubuzoyikhumbula ngokushesha Leyo nkumbulo engcwele engaphakathi kwakho ihlala iqaphela okuhlangenwe nakho kwesikhathi esidlule Ngokushesha nje lapho ubona izigcawu zokuqala, ukhumbula yonke indaba bese uthi, "O, ngike ngayibona le movie ngaphambili, futhi ngiyakhumbula ukuthi yaphela kanjani"

Sikhumbula kanjani izithombe ezihambayo ngemininingwane enjalo yize sazibona eminyakeni edlule? Ngoba zonke izehlakalo ziqoshwa ebuchosheni Ngokushesha nje lapho ubeka inaliti yengqondo kudiski yokuhlola (noma udlala isikhombikubona sengqondo nekhompyutha), inkumbulo yakho iqala ukubuyisa lesi sivivinyo futhi

Amandla enkumbulo yangaphakathi avela kuNkulunkulu futhi awapheli. Ayikhohlwa. Inkumbulo yomuntu ojwayelekile ayikwazi ukugcina konke okuhlangenwe nakho ngesikhathi esisodwa. Kodwa inkumbulo engcwele yangaphakathi igcina konke ngasikhathi sinye naphakade. Ngakho-ke, umqondo wenkumbulo enhle noma ebuthakathaka umane uwumbono womuntu siqu. Umuntu uyazikholisa ukuthi inkumbulo yakhe ibuthakathaka, ngakho-ke unenkumbulo ebuthakathaka. Nokho, akulula ukushintsha kusuka kule nkolelo uye kokuphambene nayo. Kudinga umzamo omkhulu ukuzikholisa ukuthi inkumbulo yomuntu ngempela

iwukubonakaliswa kwenkumbulo kaNkulunkulu engcwele, ekhumbula konke.

Inkumbulo enkulu kunazo zonke yomuntu ayilutho ngaphandle kokukhanya kokwazi kukaNkulunkulu okuphelele, lapho zonke izigigaba zabantu nazo zonke ezinye izinhlobo kanye nokubonakaliswa kokuphila kubhalwa khona.

Sithola ukuthi isilinganiso sokuphila komuntu singaba yiminyaka engamashumi ayisikhombisa, kanti isilinganiso sokuphila kwengwenya siphakathi kweminyaka engamashumi ayisithupha nekhulu. Umuthi we-redwood ungaphila iminyaka eyizinkulungwane ezimbili. Isikhathi sokuphila sekamela siphakathi kweminyaka engamashumi amahlanu namashumi ayisithupha, kanti ihhashi lingaba yiminyaka engamashumi amathathu nesithupha okungenani. USri Yuktiswar wangibheka ngokujulile wathi ngokungakhathali kodwa ngokuqinile: "Kumelwe uye ezivivinyweni ukuze singaniki ubaba wakho nabanye ithuba lokukugxeka ngokukhetha impilo yobumonasti kuneyunivesithi. Ngithembise ukuthi uzoya ezivivinyweni futhi wenze konke okusemandleni akho ukuphendula imibuzo."

Izinyembezi engangingakwazi ukuzibamba zageleza ebusweni bami, futhi ngaba nomuzwa wokuthi isicelo sikathisha sasingenangqondo futhi ukukhathazeka kwakhe kwafika sekwephuzile Phakathi kokububula nokukhala, ngathi:

"Ngizoya uma lokho kuyisifiso sakho, kodwa asikho isikhathi esanele sokulungiselela kahle" Nganezela kimi: "Ngizogcwalisa amakhasi ngezimfundiso zakho ukuphendula imibuzo!"

Ngesikhathi ngingena endaweni engcwele njengenjwayelo ngosuku olulandelayo, ngilethe isixha samaroses ngesizotha nangokudabuka, uSri Yuktiswar wahleka ngesimo sami esidabukisayo wathi:

"Ingabe uNkulunkulu wake wakudumaza esivivinyweni noma kunoma yini enye?"

Ngaphendula ngentshiseko, njengoba izinkumbulo ezimnandi zosizo lwaphezulu zazikhanya engqondweni yami: "Cha, ngoNkulunkulu, mnumzane"

Uthisha waqhubeka wathi: "Kwakungebona ubuvila, kodwa kwakuwukulangazelela okukhulu kwaphezulu okwakuvimbela ekufuneni udumo lwaseyunivesithi"

Ngemva kokuthula isikhashana, wacaphuna: "Noma ubani obeka ithemba lakhe kuNkulunkulu, uzokwanelisa" "Funani kuqala umbuso kaNkulunkulu nentando Yakhe, khona-ke uNkulunkulu uzokwandisa izibusiso Zakhe phezu kwenu futhi aninike konke enikudingayo"

Ngazizwa ngikhathazekile kakhulu emahlombe ami phambi kothisha. Lapho siqeda isidlo sasemini ekuseni, uthisha wasikisela ukuthi sibuyele endlini yezihambi, ethi:

"Ingabe umngane wakho uRomeshe usahlala ehostela?"

Ngathi, "Yebo, mnumzane"

Uthe, "Xhumana naye futhi uNkulunkulu uzomphefumulela ukuthi akusize ngezivivinyo"

Ngaphendula ngathi, "Ngizokwenza njalo mnumzane, kodwa uRomeshe umatasa ngendlela engavamile. Ungumfundi ohlonishwayo eqenjini lethu futhi unemithwalo yezemfundo enzima kunabanye abafundi."

Uthisha akazange akunake ukuphikisa kwami wathi, "Romeshe uzokuthola isikhathi sakho Manje hamba, ngesibusiso sikaNkulunkulu"

Ngagibela ibhayisikili lami ngagibela ngibuya. Umuntu wokuqala engahlangana naye egcekeni lehostela kwakungu-

Romesh, umfundi oyinhloko, Njengokungathi wayenesikhathi sokungisiza, wasamukela ngokushesha isicelo sami, ethi:

"Qiniseka, Mukanda, ngizokusiza"

Wachitha amahora amaningi ngaleyo ntambama futhi ezinsukwini ezilandelayo wangiqeqesha ngezihloko ezahlukahlukene, wabe esengiluleka, ethi:

"Ngicabanga ukuthi imibuzo eminingi ezincwadini zesiNgisi kulo nyaka izoba ngoChilde Harold, futhi kufanele sithole i-atlas ngokushesha"

Ngaphuthuma ngaya endlini kamalume wami ngableka i-atlas lapho uRomesh ayephawule khona ebalazweni laseYurophu izindawo ezivakashelwe ngumhambi othandana noByron.

Iqembu lozakwethu lahlangana lasizungeza ukuze lilalele isifundo, futhi omunye wabo ekugcineni waphawula:

"URomesh ukunika iseluleko esingalungile, ngoba imibuzo engu-50% kuphela ivame ukuba ngeyamabhuku, kanti enye ingxenye imayelana nokuphila kwababhali"

Kodwa lapho ngihlala phansi ngosuku olulandelayo ngiyohlolwa izincwadi zesiNgisi futhi ngibheka iphepha lemibuzo okokuqala, izinyembezi zokubonga zagcwala emehlweni ami futhi zamanzisa iphepha. Umhloli wasondela kimi wangibuza ngozwela ngesizathu, ngakho ngachaza:

"Uthisha wami omkhulu wabikezela ukuthi uRomesh uzokwazi ukungisiza Bheka, imibuzo uRomesh angiphakamisele yona iyafana neyasephepheni lokuhlolwa. Ngenhlanhla kimi, mibalwa imibuzo kulo nyaka mayelana nababhali besiNgisi abampilo yabo iyimfihlo kimi!"

Lapho ngibuya, ihostela laligcwele umsindo, futhi abafana abafanayo ababehlekisa ngezindlela zikaRomesh

manje base bengihalalisela kakhulu. Ngesonto lokuhlolwa, ngachitha amahora amaningi noRomes, owayebhala imibuzo okungenzeka ukuthi oprofesa babezoyifaka. Usuku nosuku, imibuzo kaRomes yayivela emaphepheni okuhlolwa, isebenzisa amagama afanayo ncamashi.

Izwi lasakazeka kulo lonke eyunivesithi ukuthi kwenzeka okuthile okufana nesimangaliso, nokuthi impumelelo "yesiboshwa esijabule" esingekho engqondweni manje yayiyinto engenzeka ngempela. Angizange ngizame ukufihla iqiniso, futhi oprofesa bendawo babengenamandla okushintsha imibuzo eyayibekwe yiNyuvesi yaseCalcutta.

Lapho ngizindla ngokujulile ngokuhlolwa kwami kwezincwadi zesiNgisi, ngaqaphela ngolunye usuku ekuseni ukuthi ngangenze iphutha elikhulu. Omunye wemibuzo wawunezingxenywe ezimbili: (a) noma (b) kanye (c) noma (d) Esikhundleni sokuphendula umbuzo owodwa engxenyeni ngayinye, ngangiphendule yomibili imibuzo engxenyeni yokuqala, ngingalinaki nhlobo elesibili. Njengoba amamaki aphezulu engangiathola kulelo phepha kwakungu-33, okwakungamamaki amathathu ngaphansi kwebanga eliphansi lokupasa elingu-36, ngagijimela kuthisha, ngikhala ngenhlanhla yami embi, ngithi:

"Nkosi yami, ngenze isono esingenakuthethelelwa, futhi angifanelekeli izibusiso zaphezulu ezafika kimi ngoRomes"

Uthisha wangiphendula wathi: "Qiniseka, Mukanda, futhi ukhululeke"

Iphimbo likaSri Yuktiswar lalijabulisa futhi lingenankinga. Wabe esephakamisa isandla sakhe esibhakabhakeni wathi, "Ilanga nenyanga zishintshana ngezindlela zazo emkhathini kungenzeka kakhulu kunokuba wena ungatholi iziqu zakho zaseyunivesithi."

Ngaphuma esigodlweni sezindela ngizizwa ngikhululekile, yize impumelelo yayibonakala ingenakwenzeka ngokwezibalo. Ngaphezu kwesisodwa, ngabheka isibhakabhaka ngokukhathazeka futhi ngabona iNkosazana yoSuku igxilile kahle emjikelezweni wayo ojwayelekile!

Lapho ngifika ehostela, ngezwa omunye wozakwethu ethi, "Ngatshelwa ngokushesha ukuthi izinga lokuphasa ezincwadini zesiNgisi lehlisiwe okokuqala kulo nyaka"

Ngaphuthuma ngaya ekamelweni lale nsizwa ngisesimweni sokukhungatheka futhi ngafuna ukwazi iqiniso lale ndaba ngemizwa emikhulu. Wangihlola wangiphendula, ehleka:

"Hawu, sthandwa esinezinwele ezinde, kungani unesithakazelo esikhulu kangaka ezindabeni zemfundo? Futhi kungani ujabule kangaka ngomzuzu wokugcina? Kodwa izinga lokuphasa selivele lehlisiwe laba ngu-33 kuphela"

Amandla kaSarah angenamkhawulo angibuyisela ekamelweni lami, lapho ngaguqa khona ngabonga uNkulunkulu ngokulandisa kwakhe okuphelele nomusa wakhe ongenamkhawulo Ngazizwa amandla angokomoya engiqondisa ngokucacile ngoRomesh Kwenzeka isenzakalo esiphawulekayo mayelana nokuhlolwa kwami kwesiBengali uRomesh, owayengangisizanga ngaleso sihloko, wangucela ukuba ngibuye ngolunye usuku ekuseni njengoba ngangizophuma ehostela ngiya ehholo lokuhlolwa

Omunye wozakwethu wangimemeza wathi: "URomesh uyakufonela, ungabuyi ngoba sizofika sekwephuzile"

Angizange ngisinake iseluleko salowo osebenza naye ngaphuthuma ngabuyela lapho uRomesh ayekhona, owangitshela:

"Ukuhlolwa kwesiBengali kuvame ukuphasiswa kalula ngabafundi besiBengali, kodwa kwangifikela engqondweni ukuthi kulo nyaka oprofesa bahlose 'ukubulala' abafundi ngemibuzo evela ezincwadini ezibekiwe" Umngane wami wabe esengichazela kafushane izehlakalo ezimbili empilweni kaBahrul Uloom Vidya Sagar, isazi esikhulu nesidumile sezenhlalakahle sekhulu le-19.

Ngambonga uRomesh ngagibela ibhayisikili lami ngaya egcekeni lasekolishi. Iphepha lokuhlolwa laseBengali lalinjengoba nje ayechazile, liqukethe izingxenye ezimbili. Ingxenye yokuqala yabuza: "Bhala izenzo ezimbili zomusa ezenziwe kuBahrul Uloom Vidya Sagar" Ngemva kokudlulisela lolu lwazi olusha (oluvela kuRomesh) ephepheni, ngabonga uNkulunkulu ngokumlalela ngomzuzu wokugcina. Ukube bengilokhu ngingazi ngomusa kaBahrul Uloom esintwini (futhi manje sengiphakathi kwabo, vele!), beningeke ngikwazi ukuphumelela ukuhlolwa kwesiBengali.

Umbuzo wesibili ephepheni wawuthi: "Bhala indatshana ngesiBengali mayelana nokuphila komuntu okuphefumulele kakhulu" Akudingeki ngikutshele, mfundi othandekayo, ukuthi ngikhethe bani esihlokweni sami Njengoba ngangigcwalisa ikhasi nekhasi ngokuncoma uthisha wami, ngamomotheka, ngiqaphela iqiniso lamazwi ami: "Ngizogcwalisa amakhasi ngezimfundiso zakho!"

Angizange ngizizwe ngidinga ukucela usizo kuRomesh ngefilosofi Ngiqiniseka ngokuqeqeshwa kwami okubanzi ngaphansi kweSri Yuktiswar, ngizishaye indiva ngokuzethemba izincazelo zencwadi, futhi ifilosofi yayiyibanga eliphakeme kakhulu engilitholile Amamaki ami ahlanganisiwe kwezinye izifundo anele ukuphasa

Kuyajabulisa ukusho lapha ukuthi umngane wami othandekayo uRomesh uphumelele kahle kakhulu esivivinyweni

Ubuso bukababa bagcwala ukumamatheka lapho ngiphothula izifundo zami, wavuma, "Bengingacabangi ukuthi uzophumelela, ndodana yami Uchitha isikhathi esiningi nothisha wakho" Ngempela, uthisha wami wayeqaphela ukugxekwa kukababa ngaphandle kokusho.

Iminyaka eminingi ngangingabaza ukuthi kuzofika usuku lapho ngizofaka khona isihloko se-Bachelor egameni lami. Ngangivame ukusebenzisa leso sihloko ngaphandle kokucabanga ukuthi kwakuyisipho esingcwele engisiphiwe ngezizathu ezingaqondakali. Ngezinye izikhathi ngizwa abaphothule eyunivesithi bethi ingxenye encane yolwazi abalutholile yasala nabo ngemva kokuphothula. Lokhu kungivuma kwabo kungiduduza nangokushiyeka kwami kwezemfundo okungenakuphikwa.

Ngalolo suku ngoJuni 1914, lapho ngithola iziqu zami eNyuvesi yaseCalcutta, ngakhothama phambi kothisha wami ukuze ngimbonge ngezibusiso ezageleza empilweni yakhe futhi zamboza umphefumulo wami. Wangiphakamisa ngokudlala wathi:

"Vuka, Mukanda uNkulunkulu ukuthole kulula ukukwenza ube ngumfundi ophothule ekolishi kunokuhlela kabusha indlela yelanga nenyanga!"

Abantu baphila endaweni engenalutho, engenakho
ukukhuthazwa kwengqondo noma ukukhuthazwa
kwengqondo Bazizwa benesithukuthezi ngenxa yokuntuleka
kwenjongo kanye nokungabikho kwanoma yini engenza
ukuphila kwabo kube yigugu futhi kube nencazelo Umuntu
ojwayelekile angase akwazi ukusebenza futhi aziphathe
sengathi uphilile ngokwengqondo nangokwengqondo, kodwa
?ingabe uyajabula

Inhloso eyinhloko yokuphila ukwazi ukuthi singobani
nokuthi siyini ngempela imvelo yethu. Uma sinikeza izici
ezijulile zokuphila ukunakwa okufanele, nakanjani sizozizwa
sijabule, ngoba injabulo yomuntu ihlotshaniswa
nokuxhumana nomuntu ongokomoya, ngaphandle kwalokho
.umuntu angabi khona noma abe khona

Ukwesaba ukwehluleka noma ukugula kukhuliswa
ukucabanga ngakho njalo kuze kube yilapho umqondo
wokwehluleka uphuma engqondweni eqondayo uye
engqondweni eqondayo futhi ekugcineni ufinyelele
ekugqondweni okuphezulu. Khona-ke, ukwesaba, okugxile
engqondweni eqondayo nakweqondayo ephakeme, kuqala
ukwanda nokukhula kuze kube yilapho kugcwalisa ingqondo
eqondayo ngokhula lokwesaba olungasuswa kalula
njengomcabango wokuqala lapho luhluma. Lezi zitshalo
eziyingozi ekugcineni zithela izithelo ezinobuthi nezibulalayo.
Ngenhlanhla, izimpande zalo zingasuswa ngaphakathi
ngokugxila kakhulu esibindini nokufaka ekuqapheleni ukholo
oluphelele kuNkulunkulu nokuthi uyakwazi ukusiza labo
.abafisa ukuzisiza nokubavikela ekulimaleni

Kwake kwaba nesikhathi lapho igwebu elincane
lalintanta phezu kolwandle, liqaphela iziphepho nombani,
lapho ezwa izwi limhlebeli: "Igwebu elincane lokuphila,
"?unenkingani

Awazi yini ukuthi uyingxenywe yolwandle lokuphila?
Ibhamuza elincane labheka nxazonke laqaphela lelo qiniso

Ukuqonda komuntu kuntanta njengebhamuza elincane
Ebusweni bolwandle lokwazi kwendawo yonke, ucabanga
ukuthi libhamuza lesikhashana, uthuthumela ngokwesaba
ukugula, ubumpofu, nokufa Awu bhamuza, uyalwesaba
ulwandle? Bheka nxazonke ubheke ngokucophelela Shintsha
umbono wakho usuka endaweni okuzungezile uye endaweni
kaNkulunkulu engenamkhawulo Hlola ngokujulile, wandise
ukuqonda kwakho, ukuze wazi futhi uqiniseke ukuthi
umunye nolwandle lwakhe olukhulu, nokuthi uNkulunkulu
unawe Uyakuvikela, uyakusekela, manje naphakade

Ukugwema izingibe nezingibe

Noma nini lapho uzwa isifiso esinamandla enhliziyweni
yakho sikunxusa ukuba usigcwalise, sebenzisa ukuqonda
bese uzibuza, "Ingabe lesi yisifiso esihle esingagcwaliseka,
noma isifiso esibi okungafanele sihlonishwe?" Izifiso zezinto
ezibonakalayo ezingaphili zikhuthaza imikhuba yethu emibi
ngokusinika amathemba angamanga kanye nenjabulo
ekhohlisayo Ezimweni ezinjalo, amandla okuqonda kumele
asetshenziswe ukuze kwembulwe iqiniso Imikhuba emibi
ekugcineni iholela ekungajabulini Lapho isimo sayo
sangempela sembulwa, ayibe namandla okubamba umuntu
ezingibeni zokuhlupheka nasezingibeni zosizi

Ukuzindla nezindaba

Ekuphileni nasekufeni, ezinsizini nasezinhlekeleleni,
ukholo lwami kuwe, Nkosi, luhlala luqinile futhi
.lungenakunyakaziswa, luqinile futhi alunyakaziswa

Yonke imimoya yokulangazelela kwami nokunxusa ivula
iminyango namafasitela emphefumulweni wami engidlula
kuwo ngiye enjabulweni kaNkulunkulu

Njengoba nje ilanga likhanya ezindaweni ezinabantu
abaningi, nami ngizobona imisebe yothando lwaphezulu
kuzo zonke izici zempilo yami nemisebenzi yami yansuku
.zonke

Ngibusise, Nkosi, ukuze ngivuse umphefumulo wami
ngokusa ngiwulethe emnyango wakho obusisiwe

Indaba yenyamazane ye-musk

I-musk iyinto eyigugu enephunga elinamandla,
etholakala enkabeni yenyamazane ye-musk ehlala
.ezintabeni eziphakeme zaseHimalaya

Uma inyamazane isifinyelele eminyakeni ethile, i-musk
ekhangayo iqala ukuvuza ngasese enkabeni yayo, bese
inyamazane ishukunyiswa yilelo phunga elimnandi bese
iqala ukudansa nokufuna umthombo walelo phunga
.elimnandi

Ihamba ukusuka endaweni ethile kuya kwenye, ihogela
phakathi kwamatshe nangaphansi kwezihlahla, ifuna yonke
indawo umthombo walelo phunga elijabulisayo

Ekugcineni, uthukuthela futhi akhathazeke kakhulu
lapho engakwazi ukukhuluma futhi engakwazi ukuthola
.lokho akufunayo ngokulangazelela nangomdlandla

Emzamweni wokugcina wokufinyelela emthonjeni we-
musk, igxuma isuka emaweni amade amatshe iye esigodini
esijulile ukuze ibhekane nesiphetho sayo futhi ibhekane
nokufa kwayo, lapho abazingeli bekwazi ukuyibamba futhi
.bakhiphe khona isikhwama noma i-gland ye-musk kuyo

Kulokhu, omunye wezimbongi ezikhanyiselwe washo
:okuthile okufana nokuthi

!O nyamazane ye-musk, wena siwula

Ubuyobe uwine lokho obekufisa

Futhi uphile ngaphandle kokusebenzisa imali

Anicabangi yini, bangani bami, ukuthi abantu abaningi

baziphatha njengenyamazane ye-musk? Bahlala befuna

.injabulo yonke indawo ngaphandle kwabo

Yebo, bafuna injabulo ngokudlala, futhi bazitika

ngokukhathala ezifisweni nasezifisweni. Bakhuphuka

ezindleleni ezishelelayo zengcebo baze bagxume emaweni

amathemba aphezulu baye emadwaleni okukhungatheka

nokwehluleka lapho bengakwazi ukuthola injabulo

.yangempela egcinwe ezinhliziyweni zabo ezijulile

Uma siguqula imicabango yethu, futhi sizindle

ngokujulile, sizothola ekuthuleni komphefumulo umthombo

.wenjabulo yangempela nehlala njalo esiyifunayo

Akufanele sifane nenyamazane ye-musk, ebhubha ifuna

injabulo ezindaweni ezingafanele Kunalokho, kumelwe

siqaphele futhi sizame ukuthola injabulo ngaphakathi kithi,

Indaba Yenkinobho

Indoda ethile yafika kimi yathi inesifo senhliziyo

:esingamahlalakhona, yabe isinezela

Ngizame izinto eziningi, kodwa angikwazi ukususa"

"ubuhlungu benhliziyo

Ngemva kokucabanga ngokuthula, ngamcela ukuba
:angilethele isikele. Wangibheka ethuthumela wathi

"?Uhlose ukungivula inhliziyo, mnumzane"

Ngahleka ngaphendula ngathi, "Angisiye udokotela
Wake wezwa ngomuntu osebenzisa isikele ukuze enze
"!?ukuhlinzwa

Ekugcineni, waletha isikele ngokungathandi, ngakho
ngasika enye yezinkinobho ejazini lakhe ngamtshela ukuthi
angathungi enye inkinobho endaweni yayo, futhi angabeki
isandla sakhe endaweni lapho inkinobho ingekho khona.
Ngamtshela nokuthi abuye kimi ngemva kwamasonto
amabili, futhi ngangilindele ukuthi uzolulama ngaleso
.sikhathi

Indoda yahleka yathi, "Ngizokwenza njengoba ucelile
ngoba ngiyakwethemba, kodwa ngicabanga ukuthi umuthi
"!ongavamile kakhulu engake ngawunikwa

Ngemva kwamasonto amabili weza kimi egijima wathi,
:emangele

Ochwepheshe bangiqinisekisiwe ukuthi ngiphulukisiwe"
ezifweni zenhliziyo. Ngakho-ke, ngenxa kaNkulunkulu,
"?wenzeni? Ingabe ukhiphe i-genie ngenkinobho

Ngaphendula ngokumomotheka: "Yebo! Isandla sakho
besilokhu sidlala ngenkinobho, futhi inkinobho
"yayihambisana nenhliziyo

Leyo nkinobho kwakuyiyona genie eyayibangela
ubuhlungu enhliziyweni yakho Ngakho ngasika inkinobho
ngakutshela ukuthi ungayishintshi noma ubeke isandla
sakho enhliziyweni yakho. Ngaleyo ndlela, inhliziyo yakho
!yakhululeka ekucindezelekeni futhi yayeka ukukulimaza

Konke kuhamba ngokushesha, futhi abantu bamatasa
ngezinto eziningi Ngokwemvelo, kungcono ukuvuna inala
yomhlaba kunokuchitha isikhathi, uvumele isizini ikudlule
bese ugcina ungenalutho Kodwa lokho umuntu okufanele
akuvune isivuno esicebile kakhulu empilweni: ukusondela
kuNkulunkulu nokumazi Ukuphela kwendlela yokuthola
injabulo yangempela ukufeza okuthile kuleli zwe kanye
nokufeza impumelelo engokomoya

Labo abamaziyo uNkulunkulu abaqali imisebenzi yabo
yansuku zonke ngaphambi kokuba baqale ngokuzindla
ngoNkulunkulu futhi bagcwalise izingqondo nemizimba yabo
.ngamandla aphezulu abusisiwe

Izimfuno eziningi zomhlaba zingabavimba labo abafuna
imigomo yabo engokomoya futhi zibaphambukise endleleni
abayikhethile. Kodwa labo abanesinqumo esingaguquki
abavumeli lutho ukuba lubaphambukise endleleni;
baphikelela ngokuzimisela kungakhathaliseki ukuthi izimo
.zinzima noma zimbi kangakanani

Kungakhathaliseki ukuthi izwe lisinikani, ngeke linelise
ukulangazelela kwezinhliziyi zethu, ezilangazelela okuthile
okuzinzile, okubaluleke kakhulu, nokuyigugu ngaphezu
.kwakho konke okuqukethwe yingcebo nengcebo yomhlaba

Uma umuntu efa—kwangathi ungaphila isikhathi eside—
akukho mandla emhlabeni angamenzela lutho Ubani
ongasisiza ngemva kokushiya leli zwe? Ngakho-ke, kumelwe
sikhumbule njalo ukuthi leli zwe liyindawo yesikhashana nje
ohambweni lwethu oluya ekhaya lethu lasezulwini, lapho
.sizohlala khona phakade phambi koMuntu Onesihawu

Ingcebo eningi ayiqinisekisi impilo, ukuthula, kanye
nokusebenza kahle, kodwa ukuthula ukuthula kanye
nokusebenza kahle kuzoholela empumelelweni

elinganiselayo kokubili emazingeni angokomoya
.nangokwenyama

Iningi labantu lithuthukisa ukusebenza kahle
kwengqondo ukuze liphumelele ezintweni ezibonakalayo.
Kodwa uma umuntu ezibusa futhi elawula amandla akhe
engqondo futhi enza ngokuvumelana nohlelo
lukaNkulunkulu, impilo yakhe iyobusiswa, futhi uzonambitha
umpe womoya ngenkathi esemhlabeni. Ngeke esaba
yisiboshwa semikhuba nezifiso, kodwa ukuqonda kwakhe
kuzoguqulwa kube yinhliziyi yobukhona bukaNkulunkulu,
futhi uzohlala lapho ejabulela injabulo evuselelwe
.engenakuchazeka

Umzimba uyikhemisi elikhulu kunawo wonke

Abacwaningi bezokwelapha bathole ukuthi lapho sizwa
injabulo enkulu, umzimba ukhiqiza imithi yokucindezeleka
nezinye izinto ezinciphisa ukucindezeleka ezinamandla futhi
eziphumelelayo njengalezo ezinqunywe odokotela. Umzimba
uyikhemisi elikhulu kunawo wonke eMhlabeni, elikwazi
ukukhiqiza into efanele ngesikhathi esifanele uma
sivumelana nebhalansi engokomoya uNkulunkulu ayibeke
.ngaphakathi kithi

Akuzona zonke izingcindezi eziyingozi; ukucindezeleka
kuvusa amandla abalulekile ageleza emizimbeni yethu futhi
kuvuselele umsebenzi nokunyakaza Izifundo zikhombisile
ukuthi inani elifanele lokucindezeleka liyazuzisa

Kodwa inkinga iphakama lapho ukucindezeleka kudlula
izinga elifanele

Ngamunye wethu unomkhawulo wokucindezeleka, futhi
uma lowo mkhawulo usudluliwe, siba nokucindezeleka
okukhulu kunalokho okufanele, futhi singase singakuqapheli

kuze kube yilapho izinkinga ziqala ukuvela emzimbeni,
.emizweni nasengqondweni

Ukuphila noNkulunkulu kuyinjabulo nenjabulo, kuyilapho
ngaphandle kukaNkulunkulu kukhona ukukhathazeka,
isiyaluyalu, ubunzima, ngisho nenhlekelele Ngakho-ke
singakuthola kanjani ukuthula nokuthula empilweni ebuswa
yizinhlekelele nezinhlekelele, futhi silethe injabulo ethile kulo
?mhlaba

Imfuneko yokuqala ukuqaphela izingcindezi zokuphila
lapho singaphansi kwethonya lazo

UNkulunkulu Uhlakaniphe Kakhulu Futhi Uwazi Konke,
futhi unikeze imizimba yethu izimpawu ezifana nenduduzo,
ukungakhululeki, ukuthula, nokukhathazeka, futhi kumelwe
sinake lezi zimpawu Kukhona ukuhlakanipha kwaphezulu
emizimbeni yethu okuzama ukusitshela okuthile, futhi
kumelwe silalele le miyalezo ngezikhathi zokucindezeleka
noma ukuphumula Uma uzizwa ucindezelekile, gxilisa
ingqondo yakho engxenyeni yomzimba wakho ebhekene
nokucindezeleka, bese uthatha umoya ojulile, futhi
ngesikhathi esifanayo, uqinise kancane leyo ngxenye ize
idlidlize Bese uphumula futhi ukhulule ukucindezeleka Lokhu
kuzosiza ukugcina ibhalansi enamandla nephilayo
emizimbeni futhi kuwuvikele emiphumeleni elimazayo
yokucindezeleka

Singakwazi futhi ukulawula ukucindezeleka
ngokomzwelo ngokuphefumula Uma uzizwa ukwesaba noma
yimuphi omunye umuzwa olimazayo, phefumula kancane,
ngokujulile, nangokuhambisana nesigqi izikhathi eziningana,
uvumele umzimba wakho uphumule ngokuphefumula
ngakunye Lokhu kuzosiza ekunciphiseni ukushaya
kwenhliziyo yakho okugijimayo, kubuyisele ukujikeleza
kwegazi okuvamile, kube lula ukugeleza kwamandla

abalulekile ngemizwa yakho, futhi kusize ukuzola ingqondo
.yakho nokucacisa imicabango yakho

saphezulu, futhi kufanele sikujabulele. Masikhumbule ukuthi
ukumamatheka kungamandla; uma singakusebenzisi,
.silahlekelwa yisici esibalulekile sempilo

Abantu bayimiphefumulo enemizwa nemizwa, futhi
banomzimba abawugqoka njengengubo noma ijazi
langaphandle. Kodwa uma nje siphila kuphela ezingeni
lomzimba nemizwa, sizowela ngaphansi kwethonya elibi
.lokucindezeleka nokucindezeleka

Uma sivumelana nemvelo yethu ebalulekile,
okungumoya, injabulo yomoya igeleza enhliziyweni futhi
iguquke ibe uthando Ukuzwa lolu thando, oluxhunywe
ekuthuleni nasekuthuleni komphefumulo, kanye nokwenza
nokusebenzisana ngaphansi kwethonya lalo elivumelanayo,
kuyindlela efanele kakhulu yokuphila ngokwemvelo ezweni
eligcwele ukungezwani nokuphikisana Ukuvumelanisa nale
njabulo kuyisisombululo sezinkinga zokuphila

Qaphela: Ngokuphathelene nesitatimende esithi:
"Umzimba ukhiqiza umuthi wokucindezeleka nezinye izinto
ezinciphisa ukucindezeleka, ezingenamandla futhi
ezisebenza kahle njengalezo ezinikezwe odokotela," lesi
akusona iseluleko okufanele sishiywe ngaphandle
kweseluleko sezokwelapha kanye nemithi kadokotela,
.yingakho kunesidingo sokucaciswa

lalintanta phezu kolwandle, liqaphela iziphepho nombani,
lapho ezwa izwi limhlebeli: "Igwebu elincane lokuphila,
"?unenkingani

Awazi yini ukuthi uyingxenye yolwandle lokuphila?
Ibhamuza elincane labheka nxazonke laqaphela lelo qiniso

Ukuqonda komuntu kuntanta njengebhamuza elincane
Ebusweni bolwandle lokwazi kwendawo yonke, ucabanga
ukuthi libhamuza lesikhashana, uthuthumela ngokwesaba
ukugula, ubumpofu, nokufa Awu bhamuza, uyalwesaba
ulwandle? Bheka nxazonke ubheke ngokucophelela Shintsha
umbono wakho usuka endaweni okuzungezile uye endaweni
kaNkulunkulu engenamkhawulo Hlola ngokujulile, wandise
ukuqonda kwakho, ukuze wazi futhi uqiniseke ukuthi
umunye nolwandle lwakhe olukhulu, nokuthi uNkulunkulu
unawe Uyakuvikela, uyakusekela, manje naphakade

Ukugwema izingibe nezingibe

Noma nini lapho uzwa isifiso esinamandla enhliziyweni
yakho sikunxusa ukuba usigcwalise, sebenzisa ukuqonda
bese uzibuza, "Ingabe lesi yisifiso esihle esingagcwaliseka,
noma isifiso esibi okungafanele sihlonishwe?" Izifiso zezinto
ezibonakalayo ezingaphili zikhuthaza imikhuba yethu emibi
ngokusinika amathemba angamanga kanye nenjabulo
ekhohlisayo Ezimweni ezinjalo, amandla okuqonda kumele
asetshenziswe ukuze kwembulwe iqiniso Imikhuba emibi
ekugcineni iholela ekungajabulini Lapho isimo sayo
sangempela sembulwa, ayibe namandla okubamba umuntu
ezingibeni zokuhlupheka nasezingibeni zosizi

Ukuzindla nezindaba

Ekuphileni nasekufeni, ezinsizini nasezinhlekeleleni,
ukholo lwami kuwe, Nkosi, luhlala luqinile futhi

Yonke imimoya yokulangazelela kwami nokunxusa ivula
iminyango namafasitela emphefumulweni wami engidlula
kuwo ngiye enjabulweni kaNkulunkulu

Njengoba nje ilanga likhanya ezindaweni ezinabantu
abaningi, nami ngizobona imisebe yothando lwaphezulu
kuzo zonke izici zempilo yami nemisebenzi yami yansuku
.zonke

Ngibusise, Nkosi, ukuze ngivuse umphefumulo wami
ngokusa ngiwulethe emnyango wakho obusisiwe

Indaba yenyamazane ye-musk

I-musk iyinto eyigugu enephunga elinamandla,
etholakala enkabeni yenyamazane ye-musk ehlala
.ezintabeni eziphakeme zaseHimalaya

Uma inyamazane isifinyelele eminyakeni ethile, i-musk
ekhangayo iqala ukuvuza ngasese enkabeni yayo, bese
inyamazane ishukunyiswa yilelo phunga elimnandi bese
iqala ukudansa nokufuna umthombo walelo phunga

Ihamba ukusuka endaweni ethile kuya kwenye, ihogela
phakathi kwamatshe nangaphansi kwezihlahla, ifuna yonke
indawo umthombo walelo phunga elijabulisayo

Ekugcineni, uthukuthela futhi akhathazeke kakhulu
lapho engakwazi ukukhuluma futhi engakwazi ukuthola
.lokho akufunayo ngokulangazelela nangomdlandla

Emzamweni wokugcina wokufinyelela emthonjeni we-
musk, igxuma isuka emaweni amade amatshe iye esigodini
esijulile ukuze ibhekane nesiphetho sayo futhi ibhekane
nokufa kwayo, lapho abazingeli bekwazi ukuyibamba futhi
.bakhiphe khona isikhwama noma i-gland ye-musk kuyo

Kulokhu, omunye wezimbongi ezikhanyiselwe washo
:okuthile okufana nokuthi

!O nyamazane ye-musk, wena siwula

Indaba Yenkinobho

Indoda ethile yafika kimi yathi inesifo senhliziyo
:esingamahlalakhona, yabe isinezela

Ngizame izinto eziningi, kodwa angikwazi ukususa"
"ubuhlungu benhliziyo

Ngemva kokucabanga ngokuthula, ngamcela ukuba
:angilethele isikele. Wangibheka ethuthumela wathi

"?Uhlose ukungivula inhliziyo, mnumzane"

Ngahleka ngaphendula ngathi, "Angisiye udokotela
Wake wezwa ngomuntu osebenzisa isikele ukuze enze
"!?ukuhlinzwa

Ekugcineni, waletha isikele ngokungathandi, ngakho
ngasika enye yezinkinobho ejazini lakhe ngamtshela ukuthi

angathungi enye inkinobho endaweni yayo, futhi angabeki
isandla sakhe endaweni lapho inkinobho ingekho khona.
Ngamtshela nokuthi abuye kimi ngemva kwamasonto
amabili, futhi ngangilindele ukuthi uzolulama ngaleso
.sikhathi

Indoda yahleka yathi, "Ngizokwenza njengoba ucelile
ngoba ngiyakwethemba, kodwa ngicabanga ukuthi umuthi
"!ongavamile kakhulu engake ngawunikwa

Ngemva kwamasonto amabili weza kimi egijima wathi,
:emangele

Ochwepheshe bangiqinisekisile ukuthi ngiphulukisiwe"
ezifweni zenhliziyo. Ngakho-ke, ngenxa kaNkulunkulu,
"?wenzeni? Ingabe ukhiphe i-genie ngenkinobho

Ngaphendula ngokumomotheka: "Yebo! Isandla sakho

Leyo nkinobho kwakuyiyona genie eyayibangela
ubuhlungu enhliziyweni yakho Ngakho ngasika inkinobho
ngakutshela ukuthi ungayishintshi noma ubeke isandla
sakho enhliziyweni yakho. Ngaleyo ndlela, inhliziyo yakho
!yakhululeka ekucindezelekeni futhi yayeka ukukulimaza

Konke kuhamba ngokushesha, futhi abantu bamatasa
ngezinto eziningi Ngokwemvelo, kungcono ukuvuna inala
yomhlaba kunokuchitha isikhathi, uvumele isizini ikudlule
bese ugcina ungenalutho Kodwa lokho umuntu okufanele
akuvune isivuno esicebile kakhulu empilweni: ukusondela
kuNkulunkulu nokumazi Ukuphela kwendlela yokuthola
injabulo yangempela ukufeza okuthile kuleli zwe kanye
nokufeza impumelelo engokomoya

Labo abamaziyo uNkulunkulu abaqali imisebenzi yabo
yansuku zonke ngaphambi kokuba baqale ngokuzindla

ngoNkulunkulu futhi bagcwalise izingqondo nemizimba yabo
.ngamandla aphezulu abusisiwe

Izimfuno eziningi zomhlaba zingabavimba labo abafuna
imigomo yabo engokomoya futhi zibaphambukise endleleni
abayikhethile. Kodwa labo abanesinqumo esingaguquki
abavumeli lutho ukuba lubaphambukise endleleni;
baphikelela ngokuzimisela kungakhathaliseki ukuthi izimo
.zinzima noma zimbi kangakanani

Kungakhathaliseki ukuthi izwe lisinikani, ngeke linelise
ukulangazelela kwezinhliziyi zethu, ezilangazelela okuthile
okuzinzile, okubaluleke kakhulu, nokuyigugu ngaphezu
.kwakho konke okuqukethwe yingcebo nengcebo yomhlaba

Uma umuntu efa—kwangathi ungaphila isikhathi eside—
akukho mandla emhlabeni angamenzela lutho Ubani
ongasisiza ngemva kokushiya leli zwe? Ngakho-ke, kumelwe
sikhumbule njalo ukuthi leli zwe liyindawo yesikhashana nje
ohambweni lwethu oluya ekhaya lethu lasezulwini, lapho
.sizohlala khona phakade phambi koMuntu Onesihawu

Ingcebo eningi ayiqinisekisi impilo, ukuthula, kanye
nokusebenza kahle, kodwa ukuthola ukuthula kanye
nokusebenza kahle kuzoholela empumelelweni
elinganiselayo kokubili emazingeni angokomoya
.nangokwenyama

Iningi labantu lithuthukisa ukusebenza kahle
kwengqondo ukuze liphumelele ezintweni ezibonakalayo.
Kodwa uma umuntu ezibusa futhi elawula amandla akhe
engqondo futhi enza ngokuvumelana nohlelo
lukaNkulunkulu, impilo yakhe iyobusiswa, futhi uzonambitha
umpe womoya ngenkathi esemhlabeni. Ngeke esaba
yisiboshwa semikhuba nezifiso, kodwa ukuqonda kwakhe
kuzoguqulwa kube yinhliziyi yobukhona bukaNkulunkulu,

futhi uzohlala lapho ejabulela injabulo evuselelwe
.engenakuchazeka

Umzimba uyikhemisi elikhulu kunawo wonke

Abacwaningi bezokwelapha bathole ukuthi lapho sizwa
injabulo enkulu, umzimba ukhiqiza imithi yokucindezeleka
nezinye izinto ezinciphisa ukucindezeleka ezinamandla futhi
eziphumelelayo njengalezo ezinqunywe odokotela. Umzimba
uyikhemisi elikhulu kunawo wonke eMhlabeni, elikwazi
ukukhiqiza into efanele ngesikhathi esifanele uma
sivumelana nebhalansi engokomoya uNkulunkulu ayibeke
.ngaphakathi kithi

Akuzona zonke izingcindezi eziyingozi; ukucindezeleka
kuvusa amandla abalulekile ageleza emizimbeni yethu futhi
kuvuselele umsebenzi nokunyakaza Izifundo zikhombisile
ukuthi inani elifanele lokucindezeleka liyazuzisa

Kodwa inkinga iphakama lapho ukucindezeleka kudlula
izinga elifanele

Ngamunye wethu unomkhawulo wokucindezeleka, futhi
uma lowo mkhawulo usudluliwe, siba nokucindezeleka
okukhulu kunalokho okufanele, futhi singase singakuqapheli
kuze kube yilapho izinkinga ziqala ukuvela emzimbeni,
.emizweni nasengqondweni

Ukuphila noNkulunkulu kuyinjabulo nenjabulo, kuyilapho
ngaphandle kukaNkulunkulu kukhona ukukhathazeka,
isiyaluyalu, ubunzima, ngisho nenhlekelele Ngakho-ke
singakuthola kanjani ukuthula nokuthula empilweni ebuswa
yizinhlekelele nezinhlekelele, futhi silethe injabulo ethile kulo
?mhlaba

Imfuneko yokuqala ukuqaphela izingcindezi zokuphila
lapho singaphansi kwethonya lazo

UNkulunkulu Uhlakaniphe Kakhulu Futhi Uwazi Konke,
futhi unikeze imizimba yethu izimpawu ezifana nenduduzo,
ukungakhululeki, ukuthula, nokukhathazeka, futhi kumelwe
sinake lezi zimpawu Kukhona ukuhlakanipha kwaphezulu
emizimbeni yethu okuzama ukusitshela okuthile, futhi
kumelwe silalele le miyalezo ngezikhathi zokucindezeleka
noma ukuphumula Uma uzizwa ucindezekile, gxilisa
ingqondo yakho engxenyeni yomzimba wakho ebhekene
nokucindezeleka, bese uthatha umoya ojulile, futhi
ngesikhathi esifanayo, uqinise kancane leyo ngxenye ize
idlidlize Bese uphumula futhi ukhulule ukucindezeleka Lokhu
kuzosiza ukugcina ibhalansi enamandla nephilayo
emizimbeni futhi kuwuvikele emiphumeleni elimazayo
yokucindezeleka

Singakwazi futhi ukulawula ukucindezeleka
ngokomzwelo ngokuphefumula Uma uzizwa ukwesaba noma
yimuphi omunye umuzwa olimazayo, phefumula kancane,
ngokujulile, nangokuhambisana nesigqi izikhathi ezingana,

ukumamatheka kungamandla; uma singakusebenzisi,
.silahlekelwa yisici esibalulekile sempilo

Abantu bayimiphefumulo enemizwa nemizwa, futhi
banomzimba abawuggoka njengengubo noma ijazi
langaphandle. Kodwa uma nje siphila kuphela ezingeni
lomzimba nemizwa, sizowela ngaphansi kwethonya elibi
.lokucindezeleka nokucindezeleka

Uma sivumelana nemvelo yethu ebalulekile,
okungumoya, injabulo yomoya igeleza enhliziyweni futhi
iguquke ibe uthando Ukuzwa lolu thando, oluxhunye

nokusebenzisana ngaphansi kwethonya lalo elivumelanayo,
kuyindlela efanele kakhulu yokuphila ngokwemvelo ezweni
eligcwele ukungezwani nokuphikisana Ukuvumelanisa nale
njabulo kuyisisombululo sezinkinga zokuphila

Qaphela: Ngokuphathelene nesitatimende esithi:
"Umzimba ukhiqiza umuthi wokucindezeleka nezinye izinto
ezinciphisa ukucindezeleka, ezingenamandla futhi
ezisebenza kahle njengalezo ezinikezwe odokotela," lesi
akusona iseluleko okufanele sishiywe ngaphandle
kweseluleko sezokwelapha kanye nemithi kadokotela,
.yingakho kunesidingo sokucaciswa

Indaba yenyamazane ye-musk

I-musk iyinto eyigugu enephunga elinamandla,
etholakala enkabeni yenyamazane ye-musk ehlala
.ezintabeni eziphakeme zaseHimalaya

Uma inyamazane isifinyelele eminyakeni ethile, i-musk
ekhangayo iqala ukuvuza ngasese enkabeni yayo, bese
inyamazane ishukunyiswa yilelo phunga elimnandi bese
iqala ukudansa nokufuna umthombo walelo phunga
.elimnandi

Ihamba ukusuka endaweni ethile kuya kwenye, ihogela
phakathi kwamatshe nangaphansi kwezihlahla, ifuna yonke
indawo umthombo walelo phunga elijabulisayo

Ekugcineni, uthukuthela futhi akhathazeke kakhulu
lapho engakwazi ukukhuluma futhi engakwazi ukuthola
.lokho akufunayo ngokulangazelela nangomdlandla

Emzamweni wokugcina wokufinyelela emthonjeni we-
musk, igxuma isuka emaweni amade amatshe iye esigodini
esijulile ukuze ibhekane nesiphetho sayo futhi ibhekane
nokufa kwayo, lapho abazingeli bekwazi ukuyibamba futhi
.bakhiphe khona isikhwama noma i-gland ye-musk kuyo

Kulokhu, omunye wezimbongi ezikhanyiselwe washo
:okuthile okufana nokuthi

!O nyamazane ye-musk, wena siwula

Yebo, bafuna injabulo ngokudlala, futhi bazitika
ngokukhathala ezifisweni nasezifisweni. Bakhuphuka
ezindleleni ezishelelayo zengcebo baze bagxume emaweni
amathemba aphezulu baye emadwaleni okukhungatheka

nokwehluleka lapho bengakwazi ukuthola injabulo
.yangempela egcinwe ezinhliziyweni zabo ezijulile

Uma siguqula imicabango yethu, futhi sizindle
ngokujulile, sizothola ekuthuleni komphefumulo umthombo
.wenjabulo yangempela nehlala njalo esiyifunayo

Akufanele sifane nenyamazane ye-musk, ebhubha ifuna
injabulo ezindaweni ezingafanele Kunalokho, kumelwe

Indaba Yenkinobho

Indoda ethile yafika kimi yathi inesifo senhliziyo
:esingamahlalakhona, yabe isinezela

Ngizame izinto eziningi, kodwa angikwazi ukususa"
"ubuhlungu benhliziyo

Ngemva kokucabanga ngokuthula, ngamcela ukuba
:angilethele isikele. Wangibheka ethuthumela wathi

"?Uhlose ukungivula inhliziyo, mnumzane"

Ngahleka ngaphendula ngathi, "Angisiye udokotela
Wake wezwa ngomuntu osebenzisa isikele ukuze enze
"!?ukuhlinzwa

Ekugcineni, waletha isikele ngokungathandi, ngakho
ngasika enye yezinkinobho ejazini lakhe ngamtshela ukuthi
angathungi enye inkinobho endaweni yayo, futhi angabeki
isandla sakhe endaweni lapho inkinobho ingekho khona.
Ngamtshela nokuthi abuye kimi ngemva kwamasondo
amabili, futhi ngangilindele ukuthi uzolulama ngaleso
.sikhathi

Indoda yahleka yathi, "Ngizokwenza njengoba ucelile
ngoba ngiyakwethemba, kodwa ngicabanga ukuthi umuthi
"!ongavamile kakhulu engake ngawunikwa

Ngemva kwamasonto amabili weza kimi egijima wathi,
:emangele

Ochwepheshe bangiqinisekisile ukuthi ngiphulukisiwe"
ezifweni zenhliziyo. Ngakho-ke, ngenxa kaNkulunkulu,
"?wenzeni? Ingabe ukhiphe i-genie ngenkinobho

Ngaphendula ngokumomotheka: "Yebo! Isandla sakho
besilokhu sidlala ngenkinobho, futhi inkinobho
"yayihambisana nenhliziyo

Leyo nkinobho kwakuyiyona genie eyayibangela
ubuhlungu enhliziyweni yakho Ngakho ngasika inkinobho
ngakutshela ukuthi ungayishintshi noma ubeke isandla
sakho enhliziyweni yakho. Ngaleyo ndlela, inhliziyo yakho
!yakhululeka ekucindezelekeni futhi yayeka ukukulimaza

Konke kuhamba ngokushesha, futhi abantu bamatasa
ngezinto eziningi Ngokwemvelo, kungcono ukuvuna inala
yomhlaba kunokuchitha isikhathi, uvumele isizini ikudlule
bese ugcina ungenalutho Kodwa lokho umuntu okufanele
akuvune isivuno esicebile kakhulu empilweni: ukusondela
kuNkulunkulu nokumazi Ukuphela kwendlela yokuthola
injabulo yangempela ukufeza okuthile kuleli zwe kanye
nokufeza impumelelo engokomoya

Labo abamaziyo uNkulunkulu abaqali imisebenzi yabo
yansuku zonke ngaphambi kokuba baqale ngokuzindla
ngoNkulunkulu futhi bagcwalise izingqondo nemizimba yabo
.ngamandla aphezulu abusisiwe

Izimfuno eziningi zomhlaba zingabavimba labo abafuna
imigomo yabo engokomoya futhi zibaphambukise endleleni
abayikhethele. Kodwa labo abanesinqumo esingaguquki

abavumeli lutho ukuba lubaphambukise endleleni;
baphikelela ngokuzimisela kungakhathaliseki ukuthi izimo
.zinzima noma zimbi kangakanani

Kungakhathaliseki ukuthi izwe lisinikani, ngeke linelise
ukulangazelela kwezinhliziyi zethu, ezilangazelela okuthile
okuzinzile, okubaluleke kakhulu, nokuyigugu ngaphezu
.kwakho konke okuqukethwe yingcebo nengcebo yomhlaba

Uma umuntu efa—kwangathi ungaphila isikhathi eside—
akukho mandla emhlabeni angamenzela lutho Ubani
ongasisiza ngemva kokushiya leli zwe? Ngakho-ke, kumelwe
sikhumbule njalo ukuthi leli zwe liyindawo yesikhashana nje
ohambweni lwethu oluya ekhaya lethu lasezulwini, lapho
.sizohlala khona phakade phambi koMuntu Onesihawu

Ingcebo eningi ayiqinisekisi impilo, ukuthula, kanye
nokusebenza kahle, kodwa ukuthola ukuthula kanye
nokusebenza kahle kuzoholela empumelelweni
elinganiselayo kokubili emazingeni angokomoya
.nangokwenyama

Iningi labantu lithuthukisa ukusebenza kahle
kwengqondo ukuze liphumelele ezintweni ezibonakalayo.
Kodwa uma umuntu ezibusa futhi elawula amandla akhe
engqondo futhi enza ngokuvumelana nohlelo
lukaNkulunkulu, impilo yakhe iyobusiswa, futhi uzonambitha
umpe womoya ngenkathi esemhlabeni. Ngeke esaba
yisiboshwa semikhuba nezifiso, kodwa ukuqonda kwakhe
kuzoguqulwa kube yinhliziyi yobukhona bukaNkulunkulu,
futhi uzohlala lapho ejabulela injabulo evuselelwe
.engenakuchazeka

Umzimba uyikhemisi elikhulu kunawo wonke

Abacwaningi bezokwelapha bathole ukuthi lapho sizwa
injabulo enkulu, umzimba ukhiqiza imithi yokucindezeleka

nezinye izinto ezinciphisa ukucindezeleka ezinamandla futhi
eziphumelelayo njengalezo ezinqunywe odokotela. Umzimba
uyikhemisi elikhulu kunawo wonke eMhlabeni, elikwazi
ukukhiqiza into efanele ngesikhathi esifanele uma
sivumelana nebhalansi engokomoya uNkulunkulu ayibeke
.ngaphakathi kithi

Akuzona zonke izingcindezi eziyingozi; ukucindezeleka
kuvusa amandla abalulekile ageleza emizimbeni yethu futhi
kuvuselele umsebenzi nokunyakaza Izifundo zikhombisile
ukuthi inani elifanele lokucindezeleka liyazuzisa

Kodwa inkinga iphakama lapho ukucindezeleka kudlula
izinga elifanele

Ngamunye wethu unomkhawulo wokucindezeleka, futhi
uma lowo mkhawulo usudluliwe, siba nokucindezeleka
okukhulu kunalokho okufanele, futhi singase singakuqapheli
kuze kube yilapho izinkinga ziqala ukuvela emzimbeni,
.emizweni nasengqondweni

Ukuphila noNkulunkulu kuyinjabulo nenjabulo, kuyilapho
ngaphandle kukaNkulunkulu kukhona ukukhathazeka,
isiyaluyalu, ubunzima, ngisho nenhlekelele Ngakho-ke
singakuthola kanjani ukuthula nokuthula empilweni ebuswa
yizinhlekelele nezinhlekelele, futhi silethe injabulo ethile kulo
?mhlaba

Imfuneko yokuqala ukuqaphela izingcindezi zokuphila
lapho singaphansi kwethonya lazo

UNkulunkulu Uhlakaniphe Kakhulu Futhi Uwazi Konke,
futhi unikeze imizimba yethu izimpawu ezifana nenduduzo,
ukungakhululeki, ukuthula, nokukhathazeka, futhi kumelwe
sinake lezi zimpawu Kukhona ukuhlakanipha kwaphezulu
emizimbeni yethu okuzama ukusitshela okuthile, futhi
kumelwe silalele le miyalezo ngezikhathi zokucindezeleka

noma ukuphumula Uma uzizwa ucindezelekile, gxilisa
ingqondo yakho engxenyeni yomzimba wakho ebhekene
nokucindezeleka, bese uthatha umoya ojulile, futhi
ngesikhathi esifanayo, uqinise kancane leyo ngxenye ize
idlidlize Bese uphumula futhi ukhulule ukucindezeleka Lokhu
kuzosiza ukugcina ibhalansi enamandla nephilayo
emzimbeni futhi kuwuvikele emiphumeleni elimazayo
yokucindezeleka

Singakwazi futhi ukulawula ukucindezeleka
ngokomzwelo ngokuphefumula Uma uzizwa ukwesaba noma
yimuphi omunye umuzwa olimazayo, phefumula kancane,
ngokujulile, nangokuhambisana nesigqi izikhathi eziningana,

ukumamatheka kungamandla; uma singakusebenzisi,
.silahlekelwa yisici esibalulekile sempilo

Abantu bayimiphefumulo enemizwa nemizwa, futhi
banomzimba abawugqoka njengengubo noma ijazi
langaphandle. Kodwa uma nje siphila kuphela ezingeni
lomzimba nemizwa, sizowela ngaphansi kwethonya elibi
.lokucindezeleka nokucindezeleka

Uma sivumelana nemvelo yethu ebalulekile,
okungumoya, injabulo yomoya igeleza enhliziyweni futhi
iguquke ibe uthando Ukuzwa lolu thando, oluxhunye
ekuthuleni nasekuthuleni komphefumulo, kanye nokwenza
nokusebenzisana ngaphansi kwethonya lalo elivumelanayo,
kuyindlela efanele kakhulu yokuphila ngokwemvelo ezweni

eligcwele ukungezwani nokuphikisana Ukuvumelanisa nale
njabulo kuyisisombululo sezinkinga zokuphila

Qaphela: Ngokuphathelene nesitatimende esithi:
"Umzimba ukhiqiza umuthi wokucindezeleka nezinye izinto
ezinciphisa ukucindezeleka, ezingenamandla futhi
ezisebenza kahle njengalezo ezinikezwe odokotela," lesi
akusona iseluleko okufanele sishiywe ngaphandle
kweseluleko sezokwelapha kanye nemithi kadokotela,
.yingakho kunesidingo sokucaciswa

Ongcwele uphakanyiswe emoyeni
Kusukela encwadini ethi "Ifilosofi yaseNdiya
empilweni ye-Yogi"
"Izolo ebusuku ngibone uYogia elenga izinyawo
ezimbalwa emoyeni"

Ngaleso sisho esithakazelisayo, umngane wami u-Upendra Mohan Chaudhry waqala inkulumo yakhe.

Wamomotheka ngentshiseko wathi, "Mhlawumbe usuqagele igama lakhe: awusho uBhaduri Mahasaya ohlala emgwaqweni ongaphezulu ozungezayo?"

U-Upendra wanqekuzisa ikhanda evuma, yize ayedumele kancane ngokuthi lezi zindaba azifikanga kimi ngaye. Abangane bami babazi ukuthi nganginelukuluku kangakanani ngabangcwele, futhi babehlala bejabule ukungethula komusha.

Ngaqhubeka, ngithi, "Indlu ye-yogi iseduze kakhulu nendlu yethu, futhi ngiyivakashela njalo"

Amazwi ami avusa isithakazelo esikhulu ku-Upendra, njengoba isithakazelo sasibonakala ebusweni bakhe, futhi nganezela:

"Ngambona enza imisebenzi emangalisayo. Wazi kahle izindlela zokuphefumula eziyisishiyagalombili ⁽¹⁾ ze-yoga yasendulo njengoba zilotshwe yisazi uPatanjali ⁽²⁾. Ngolunye usuku, uBhaduri Mahasaya wenza uBhastrika Pranayama phambi kwami ngamandla amangalisayo kangangokuthi ngazizwa sengathi isiphepho esinamandla sidlule ekamelweni! Ngemva kwalokho, wathulisa lo moya onesiphepho futhi wahlala enganyakazi esimweni sokuqaphela okukhulu ⁽³⁾ Isimo sokuthula esalandela lesi siphepho sasicacile futhi singalibaleki."

Izwi lika-Upendra lalizwakala sengathi alikholwa njengoba ethi, "Ngizwile ukuthi ungacwele akaphumi endlini yakhe, ingabe lokho kuyiqiniso?"

Ngaphendula ngathi: "Yebo, lelo yiqiniso! Uhlale evalelwe endlini yakhe iminyaka engamashumi amabili edlule. Kodwa-ke, uyayikhulula imingcele yalo mthetho oqinile azibekela wona ngesikhathi samaholide ethu angcwele, bese ehamba eya endleleni eseceleni lapho abaceli behlangana khona,

ngoba uSaint Bahaduri waziwa ngenhliziyo yakhe enomusa."

Wathi: "Kodwa ungcwele uhlala kanjani elenga emoyeni, ephikisana nomthetho wamandla adonsela phansi?"

Ngaphendula: "Umzimba we-yogi ulahlekelwa ukuqina ngokwenza izivivinyo ezithile zokuphefumula ze-pranayama, bese ekwazi ukundiza noma ukugxuma njengexoxo Ngisho nabangcwele abangayenzi i-yoga yendabuko bantanta emoyeni njengoba bengena ezimweni ezinhle zokulangazelela uNkulunkulu okukhulu"

Ilukuluku lakhanya emehlweni ka-Upendra, wathi, "Ngingathanda ukwazi okwengeziwe ngale ndoda ehlakaniphile. Uyaya emihlanganweni yakhe yakusihlwa?"

Ngathi, "Yebo, ngivame ukumvakashela, futhi ngihlabeke umxhwele kakhulu ukuhlakanipha kwakhe okusheshayo nokuhlakanipha kwakhe okumangalisayo Ngezinye izikhathi ukuhleka kwami konakalisa isithunzi sombuthano. Nakuba ungcwele engakhathazeki ngalokhu, abafundi bakhe bangibheka ngentukuthelo!"

Ngisendleleni eya ekhaya ngivela esikoleni ntambama ngalolo suku, ngadlula endlini kaBhaduri Mahasaya nganquma ukumvakashela. I-yogi yayihlala yodwa, iqashwe ngumfundi esitezi esiphansi. Lo mfundi wayekhathalela kakhulu izivakashi futhi wangibuza ukuthi ngine-aphoyintimenti nothisha wakhe yini. Kodwa uthisha wafika ngokushesha, amehlo akhe ekhanya, ngaleyo ndlela engivikela ekuphonsweni khona lapho. Wathi kumfundi:

"Makeze uMukanda noma nini lapho efisa. Umthetho wokuzihlukanisa awukona ukududuza kwami kodwa ukududuza abanye. Abantu bezwe

abakhululekile ngokwethembeka kwethu, okuchitha ukuziqhenya kwabo. Abangcwele abavamile nje kuphela kodwa futhi bayadida. Ngisho naseMibhalweni Engcwele, ngezinye izikhathi sibathola bebangela ukuhlazeka kwabanye."

Ngalandela uBhaduri Mahasaya ngaya endlini yakhe elula esesitezi esiphezulu, ayengayishiyi kaningi iMasters. Ngokuvamile ayinaki ubuhle bomhlaba ngokuhoxa ekubonweni umphakathi. Umhlaba awubanaki nhlobo kuze kube yilapho sebezinzile emlandweni wesikhathi, ngoba abantu abaphila ngesikhathi salesi sazi abagcini nje ngalabo abahlala emikhawulweni emincane yamanje.

Ngathi, "Sazi esihle, ungumuntu wokuqala we-yoga engimaziyo ohlala endlini yakhe ngaso sonke isikhathi"

Waphendula wathi, "Ngezinye izikhathi uNkulunkulu utshala abangcwele bakhe enhlabathini engalindelekile ukuze singacabangi ukuthi singabathobela umthetho othize."

Ongcwele wayehleli egoqe imilenze ecabanga, umzimba wakhe ophilayo uphumule endaweni ye-lotus Nakuba ayeneminyaka engaphezu kwamashumi ayisikhombisa, umzimba wakhe awuzange ubonise zimpawu zokuguga noma ukuwohloka ngenxa yokuhlala isikhathi eside Enamandla futhi emude, wayephelele ngazo zonke izindlela Ubuso bakhe babunezici zesihlakaniphi esichazwe emibhalweni njengomuntu onekhanda elihle, onentshebe egcwele, ohlala eqondile, amehlo akhe athule egxile eBukhoneni bukaNkulunkulu

Ngahlala nosanta ngizindla, kwathi ngemva kwehora izwi lakhe elimnene langivusa:

"Uvame ukungena esimweni sokuthula, kodwa usufinyelele esimweni sokuqaphela uNkulunkulu ngempela?"

Lo ngcwele wayehlose ukungikhumbuza ukuthi ngithande uNkulunkulu ngaphezu kokuzindla, wabe esenezela: "Ungadidanisi izindlela nokuphela, futhi ungawenzi amandla abe umgomo wakho"

Wanginika ama-mango, futhi ngokuhlakanipha kwakhe okusheshayo, engakuthola kuhlekisa naphezu kokuba ngumuntu oqotho, wathi:

"Isifiso sabantu sokuba munye nokudla sikhulu kakhulu kunesifiso sabo sokuba munye noNkulunkulu"

Leli gama lingihlekise kakhulu, futhi amehlo akhe athambile ngothando njengoba ethi, "Yeka ukuhleka!" Ubuso bakhe babuqinile kodwa bunomomotheka ojabulisayo Amehlo akhe amakhulu, anjenge-lotus afihle ukumamatheka okungcwele, kwangaphakathi

USanta wakhomba izimvilophu eziningana ezibanzi etafuleni, ethi: "Lezi zincwadi zingifikele zivela eMelika ekude. Ngibhalelana nemiphakathi eminingana enamalungu abonisa isithakazelo ku-yoga. Baphinde bathola iNdiya ngokuqonda okungcono kunoColumbus! Ngiyajabula ukubasiza, ngoba ulwazi lwe-yoga lukhululekile, njengokukhanya kwelanga, kubo bonke abalufunayo."

"Lokho abahlakaniphile abakubonile kudingekile ukuze kusindiswe isintu akufanele kukhululwe ngenxa yeNtshonalanga. IMpumalanga neNtshonalanga ziyafana emoyeni naphezu kokuhlangenwe nakho kwazo kwangaphandle okuhlukile, futhi azinathemba lentuthuko nokuchuma ngaphandle kokusebenzisa enye yezindlela ezingokomoya ze-yoga."

Lo ngcwele wangibheka ngamehlo akhe athule, futhi angizange ngiqaphele ngaleso sikhathi ukuthi amazwi akhe ayeyisiprofetho esimboziwe Ngisho

namanje, njengoba ngibhala la mazwi, angikaqondi incazelo ephelele yamaphuzu akhe abonakala engenangozi okuthi ngelinye ilanga ngizoletha izimfundiso zaseNdiya eNtshonalanga.

Ngathi, "O scientific esihle, yeka ukuthi kungaba kuhle kanjani ukube ungabhala incwadi nge-yoga ukuze kuzuze isintu!"

Waphendula wathi, "Ngiqeqesha abafundi, kanye nabafundi babo, abazoba yizincwadi eziphilayo ezimelana nokubola, izinguquko zemvelo zesikhathi, kanye nokuchazwa okungavamile kwabagxeki."

Sahlala sodwa no-yogi kwaze kwaba yilapho abafundi bakhe befika kusihlwa, lapho enikeza enye yezinkulumo zakhe ezingenakuqhathaniswa Njengozamcolo omnene, wakhukhula izinsalela zengqondo nezinsalela zezilaleli zakhe futhi waziholela kuNkulunkulu. Imifanekiso yakhe emangalisayo yanikezwa ngesiBengali esingenaphutha.

Ngalobo busuku, uBhaduri wahlola izici ezahlukahlukene zefilosofi zokuphila kwenkosazana yaseRajput yasendulo egama linguMirabai, owalahla impilo yobukhazikhazi yesigodlo ephishekela ubungcwele Ekuqaleni, umuntu ovelele ozidelayo, uSanatna Goswami, wenqaba ukumamukela njengomfundi ngoba wayengowesifazane, kodwa impendulo yakhe yamguqa ngamadolo lapho ethi:

"Tshela uthisha ukuthi angimazi umuntu wesilisa endaweni yonke ngaphandle kukaNkulunkulu. Asibona yini abesifazane sonke phambi kwakhe?"

(Kunombono ongcwele wokuthi uNkulunkulu ungukuphela kwesimiso esihle nesidala endaweni yonke, nokuthi indalo Yakhe ayilutho ngaphandle kokukhohlisa okungalungile)

Ukuze ngiyifundele abafundi bami ekilasini lezincwadi

Basabela kahle kokuqukethwe kwayo

Kwakuyisenzakalo esijabulisayo kithi sonke

Ngithinteki kakhulu yimibono oyifakile encwadini

Kangangokuthi ngangifuna ukwabelana ngakho
nabafundi bami

Lo mlayezo ubangele isimo sokuzindla okujulile

Nokuzihlolisisa izimfihlo zomphefumulo

Nginomuzwa wokuthi kuzongisiza ukuxazulula izinkinga
